

FORMATION on the UFO situation and problem within the Soviet Union.

c. Intelligence problems include:

(1) The present level of Russian knowledge regarding these phenomena.

(2) Possible Soviet intentions and capabilities to utilize these phenomena to the detriment of US security interests.

(3) The reasons for silence in the Soviet Press regarding flying saucers.

S. MARSHALL CHADWELL
Assistant Director
Scientific Intelligence

OSI/PCstrong:bxl (11 September 1952)

Declassified by 058375
Date 20 APR 1977

EXCERPT:

13 October 1952

3. Determination of the scientific capabilities of the USSR to create and control Flying Saucers as a weapon against the United States is a primary concern of the CIA/OSI. Its review of existing information does not lead to the conclusion that the saucers are USSR created or controlled. It is the view of OSI that collection of intelligence information on the capabilities of the USSR to produce, launch, and control Flying Saucers and the analysis of such data as might be collected cannot be very effective until there is adequate fundamental scientific research launched to clarify the nature and causes of Flying Saucers and to devise means whereby they might be instantly identified.

4. The major scientific intelligence problems in respect to Saucers are:

a. What is the present level of Soviet knowledge regarding these phenomena?

b. What are possible Soviet capabilities to utilize these phenomena to the detriment of US security interests?

c. What effect do flying saucers have on our warning system.

SECRET

4 June 1967. United Nations, New York, NY., USA

When on February 8, 1966, the international news media published a member of the United Nations Secretariat staff, Colman S. VonKEVICZKY's UFO MEMORANDUM and PROJECT to Secretary General U THANT, - on June, 1966, Nikolai Trofimirovich FEDORENKO, USSR Ambassador to the United Nations declared to the Associated Press:

"Ufos are the Nightmares of the Imperialist and Capitalist Countries!"
