9. On one occasion [redacted] asked if the US forecast center was ever bothered with UFO sightings. He explained that at one time the [redacted] and [redacted] in particular, had been plagued with calls and questions about UFO sightings. He said that some of their scientific balloon flights had prompted some of them. Now, he said, he never gets those calls anymore and half jokingly surmised that someone must have made a political decision that they were not to be sighted anymore.
