The TRUTH BEYOND the "anecdotal evidences":

EXCERPT:

AUG 17 1977

If there were clear evidence that extraterrestrials were presently in the vicinity of the earth, we would certainly cast our investigation in that direction instead. However, such clear evidence does not exist. Instead, what exists is a baffling collection of intriguing anecdotal evidence for mysterious phenomena, usually referred to as "UFO's."

Yours sincerely,

Richard C. Henry
