— CONGRATULATIONS ON  
YOUR CONTINUING EFFORTS. —

I'VE HEARD WARREN BOTZ STORY YEARS AGO. GEO FILED TOO.

HOWEVER — YOU STILL CONFUSE INFORMATION  
I'VE PROVIDED SUCH AS - SPEED - SPACE  
FLIGHT - ORBITAL - AND RUNWAYS  
AT SAVANNAH GEORGIA (PATTON DESIGN)  
AND AVON PARK, AND V.T.O.L.

WHICH IS MAIN REASON I DO NOT  
WISH TO ENDORSE AS OK IN ANYWAY  
SHAPE OR FORM THE ARTICLE TO APPEAR  
IN POPULAR MECHANICS MAGAZINE BY WILSON,  
THERE ARE ABSOLUTELY GOING TO BE ERRORS -  
DUE TO SO MUCH INITIAL INFORMATION - AND  
INFORMATION OBTAINED FROM OTHER SOURCE THAN  
ME. SUCH AS YOUR OWN CONFUSION AND MISTAKES  
ON SOME, AS WELL AS WHAT WILSON MAY WRITE,  
PLUS - THIS WHOLE ARTICLE IS ABOUT THE  
WRONG SIZE AIRCRAFT. ILLUSTRATION  
AND ALL ELSE SHOULD BE ABOUT SINGLE PILOT  
JET ABOUT THE SAME SIZE ACROSS AS WINGSPAN  
ON MODERN JET FIGHTERS (APPROX 40')

MINIMUM 15500 MPH TO ACHIEVE "SPACE" FLIGHT

MINIMUM 17500 MPH TO ACHIEVE ORBIT AROUND EARTH

MINIMUM 25,000 MPH TO ACHIEVE OUTER SPACE  
FLIGHT SUCH AS ON TO MOON, PLANETS ETC.  
(OVER)

2.

YOUR MAIN PRIMARY SOURCE OF INFORMATION MUST NOW BE DEPT OF DEFENSE AND THOSE PEOPLE IN CHARGE, TO EVEN GET CLOSE TO OBTAINING PHOTOS, FILM, AND DATA YOU WANT TO GET

ANY AND ALL THESE OTHER PEOPLE SIMPLY WON'T GET IT FOR YOU!! PERIOD!

PLEASE QUIT TRYING TO GUESS WHAT TYPE ENGINES!!!

REMEMBER - AIR FORCE NEVER LET ME SEE THEIR PROTECTED RELEASE ARTICLE!!

YOUR REPEATED QUESTIONS INDICATE YOU HAVE NOT YET BEEN ABLE TO COMPREHEND AS NECESSARY, THE FACTS OF REALITY CONCERNING

"NATIONAL SECURITY" THERE IS ONLY ONE

OFFICE WHICH CAN GET THROUGH IT. !!! (IN SOME INSTANCES, NOT EVEN THE PRESIDENT, -???) (AND, IN SOME CASES, AN ACT OF CONGRESS IS A PREREQUISITE!)

I REPEAT — YOUR 'POPULAR MECHANICS' STORY IS DOOMED TO CONSIDERABLE ERROR BECAUSE IT IS ABOUT THE WRONG SIZE AIRCRAFT. YOU HAVEN'T YET COMPREHENDED THIS FACT EITHER — I TRIED TO PERSUADE YOU TO ILLUSTRATE THE CORRECT ONE. YET YOU NEVER DID. SO DON'T BE SURPRISED AT FINAL STORY AND ILLUSTRATIONS WHICH APPEAR IN ERROR. OK!
