Greetings,

Reading carefully between the lines, it most certainly appears certain [REDACTED] (unfortunately retiring this Saturday, March 1, 2003) may possibly be a genuine UFO Disclosure "White Hat," as evidenced by this fairly recent personal account provided by British researcher Georgina Bruni from May of last year, regarding her meeting him, her presenting him a copy of her book "You Can't Tell The People: The Definitive Account of the Rendlesham Forest Mystery", his enthusiastic acceptance of it, and their subsequent in-depth discussion of it.

"I was keen to find G [REDACTED] before we went into dinner because I wanted to present him with a signed copy of my book, which is about the USAF. Justin spotted me and introduced me to Sir [REDACTED] GCMG, a former Reprehensive to NATO. He was a delightful person. General Ralston accepted my book with interest, and we had a conversation about certain generals who are mentioned in the book (s [REDACTED] n) and about the USAF bases, RAF Bentwaters and RAF Woodbridge in Suffolk, UK, where the story is set."

[Excerpt]

I also attended a dinner in honour of [REDACTED] n.

The prestigious dinner was organised by the European Atlantic Group, founded in 1954 by [REDACTED] n (then Vice President of the council of Europe) together with other Members of Parliament, Industrialists, Bankers, Economists and Journalists. Its main objective, to promote closer relations between European and Atlantic countries. The invitation came from my old friend [REDACTED] s, the Financial Director. The dinner/debate was in honour of General [REDACTED] Supreme Allied Commander Europe and Commander in Chief US European Command. I was running late for the reception and was met at the entrance by two plain clothes Americans, who I realised were security for the General. I was keen to find G [REDACTED] before we went into dinner because I wanted to present him with a signed copy of my book, which is about the USAF. Justin spotted me and introduced me to Sir John Goulden GCMG, a former Reprehensive to NATO. He was a delightful person. General Ralston accepted my book with interest, and we had a conversation about certain generals who are mentioned in the book (sorry [REDACTED]) and about the USAF bases, RAF Bentwaters and RAF Woodbridge in Suffolk, UK,
