I don't know if this qualifies as a close encounter considering I was on a secure floor of the James f Hanley federal building in downtown Syracuse Ny for a security clearance and was warned I may see someone that's classified and of course I did make solid eye contact with an alien. Not gray looked more Caucasian , no hair, black suit, white shirt and a black tie. Looked like he was wearing sunglasses but they were his eyes. Solid black. They were small but he turned and looked right in my eyes and his eyes got bigger. Like big Spider-Man eyes but all black. My number [REDACTED] that is my cell phone number.
