Attn. Dr. Steven Greer, Harry Truman appointed my father as a NIS Agent to work as a SPECIAL inspector on the Great Lakes Naval Hospital & Veterans Center Projects being built at the Great Lakes Naval Base in North Chicago Illinois. This was in the 1950s after the CIA act of 1945 was finally signed into law in 1949. This Act allowed the CIA to redirect funds from anywhere in the governments budget into their black projects fund if it was considered to be a National Emergency that their project takes priority over everything else. My father found that CIA accountant [REDACTED] the Second was redirecting funds from the Great Lakes Hospital project into a CIA run DRUG CARTEL that was able to multiply those funds 100 fold by promoting & selling addictive drugs to Veterans & Citizens alike. This BIG money was then being sent to an Airforce base in Nevada where funding & paychecks were being doled out to cover expenses for this top secret weapons project. As soon as [REDACTED] became aware of my father's findings he ordered [REDACTED] to make sure that this did not endanger or slow the progression of their criminal endeavors. Angleton made the decision to order agent Dillon to very quietly eliminate my

father using induced Thyroid Cancer. Although it was actually the Radiologist at the Evanston Illinois Veterans Hospital who actually MURDERED my father in 1959 by dousing him with the WRONG frequency of radiation during FORCED chemo-therapy at Evanston Veterans Hospital. Cancer usually takes about 6 months to kill a human being, but the WRONG frequency of radiation causes cancer to spread RAPIDLY to every organ system in the body inducing death in less than 3 months. Although my father, was an Officer in the USN, & was trained for the Okinawa campaign in WW2 alongside Navy Buddy & fellow Officer Pt. Boat Commander John Kennedy, Both of my parents studied Medicine before they joined the military. it did not take my mother long to find the evidence for murder. My mom was also a Luitenant in the USN. James A Lynch the Second lived only a couple of blocks from us & his wife being a NURSE like my mother, were friends. Cia accountant Lynch later told me that as soon as he found out what his actions were doing that he made up his mind to tell the President, General Eisenhower what was going on behind his back. He then told me that the only time that he was able to speak directly to the president was at the budget meeting at the end of the year & by that time it was too late because they speeded things up so my father died in September of that year before the budget meeting. The biggest bummer here is that when CIA accountant Abby told Eisenhower about the DRUG dealing & the murder of my father during the cover-up, HE turned his back & did ABSOLUTELY NOTHING! The first toy my father bought me was a flying saucer spinning top. My best friends father was Army Senior Pilot & CID Agent Robert Abby who was in Germany during the late 1940s & early 1950s investigating Viktor Schauberger & Hitlers flying saucer project when my friend Bob was born in 1954 in Germany & his father gave him the middle name of VIKTOR! These hints at the existence of UFOs by Government Agents did not seem to bother anybody, but as soon as the illegal source of funding, THE DRUG CARTEL, came to light, the big secret became super top secret! Cid Agent Robert Abby went on to discover in the 1970s that the CIA was smuggling heroin back from the Vietnam war in the body cavities & body bags of dead soldiers at the Fort Sheridan Army Base in Highwood Illinois where he was working at that time. The CIA immediately murdered Bob's dad using induced thyroid cancer just like they did to my dad. Years later when My former high school literature teacher gave me a book about the CIA that told the story about the MURDER of Bob's dad after I read it I gave it to him to read. The story of his dad made Bob very sad, he then took the details of exactly what causes cancer which I mistakenly told him to commit suicide with an induced cancer right after his son graduated from high school. Using self-induced cancers to commit suicide is a guaranteed way to kill yourself while making sure that your children COLLECT on your life insurance policy. Cancer is just too big of a money maker for Scientists to reveal the simple common cause. Bob gave his father's Senior Pilots Wings which I proudly wear on my leather jacket to this day. [REDACTED] he third & his two brothers [REDACTED] have been my lifelong friends. Lance Dillon CIA AGENT & son of one of the Agents who took part in my dads murder is also a friend of mine. Now you know All of

the details behind President Eisenhower's Farwell Address. Ike was a Military Man through & through! When he found out that the CIA was selling drugs to Veterans using money taken from a VETERANS HOSPITAL, HE BLEW his TOP! But he did not do anything to stop it. President Kennedy fired Alan Dulles as soon as he took noffice out of revenge for KILLING my father! But we all know what he got for his UNDYING FRIENDSHIP! Nobody talks about Roosevelts Farwell Address where warns us that CIA Agent Dillon & his family are the most dangerous people in this country because they are not only criminals who took over the CIA but their real name is Lapowsky & are members of the Illuminatti. My family's name is actually [REDACTED] we are Illuminatti also. The MURDER of Al Gore's original Vice Presidential Candidate, Environmental Attorney & good friend of mine Robert Kennedy Jr. was broadcast LIVE on at least two independent TV stations. I am guessing that the small NY station that was filming their morning news show live on the beach that morning was the station that the Kennedy family watched every morning. That small station shared their broadcasts with WREX TV Rockford Illinois. I was watching WREX that morning & was an EYE WITNESS to John's MURDER! His plane flew over the left shoulder of the newscaster behind his head & just as it emerged from behind his head over his right shoulder it exploded & crashed into the sea. The bomb was in a locked briefcase that was handed to him at the last minute right before he went out to his plane. One of my friends is a pilot & I have watched him take his briefcase with all his maps & flight plans & set it on the floor behind the co-pilots seat on the floor in front of the passenger seats. I could tell by the brightest point of the flash that is where John put that locked case. I am a Peer Review Scientist for the [REDACTED] in Washington DC. The flash of the explosion was captured by a small radio telescope on top of the Space Sciences Building at Cornel University which was using a computer program written by the Late Carl Sagan using infrared spectroscopy to identify the content of stars seen above the Eastern Seaboard that morning. That program identified the flash as CARBON 4!!! The results were then published in the next weeks edition of Science Journal published by the [REDACTED] Carbon 4 is used only by professional demolition crews & the CIA. I have reported this MURDER to every OFFICER of the Courts, cop, & jail guard that I have seen since. I have reported this to the ACLU & the SPLC both top end LAW firms & they have not even answered my letters. The Union of Concerned Scientists hung up the phone on me when I tried to tell them about it. Do you know any Lawyers who want to help me repoot a murder? By the way Doctor, the concept of "Infinity" exists ONLY in the relhm of numbers & thought!! Electrical Voltage only exists in a CLOSED completed circute. Therefore ZERO point energy can only exist in a FINITE CLOSED Universe! I am tired of you using the term Infinite universe on your videos! The amount of energy in the universe is a "FUNDAMENTAL CONSTANT" it cannot be added to or subtracted from. Therefore the universe itself which is also mad [REDACTED] FINITE CONSTANT!!!! DAMN Dr.! You discredit everyth [REDACTED] when you keep proclaiming that the universe is infinite. I am starting to think that Sheldon Adelson who bought off the ACLU has gotten to you also. The

Fossil Fuel Industry is behind the propagation of the term "Infinite Universe"! They want everybody to believe that if we destroy our home planet that there is always another one to move on to, Well I hate to burst your bubble, but there is already something living under every rock in the universe! I am the owner of the copyright for the "Grand Unified Theory of Relativity". This paper is so powerful that everyone

presented my work to the Royal Society of Physicists in London 2002, Stephen Hawking finished out the rest of the semester & quit his tenure at Cambridge University in 2003 as I had answered the 2 questions that he was working on in the math department there at Cambridge, "What is Spacetime made of & what is causing it to expand" & of course "What is the true nature & meaning of life"? After learning the true nature of life, Stephen got married for the 3rd time & started a 3rd family & then happily died with a smile in his heart! You see Dr. Greer my 16 page paper is so scary that I am having problems finding an outlet to publish my life's work. Some people like Stephen do quit their jobs. Others like me have gone crazy planting trees & going out of our way to protect All life on Earth, It is hard to predict what people will do after learning this knowledge? Some not so-good people have overdosed on drugs & drank themselves to death. But these people had failed at life & were on their way to self destruction in the first place. I would love to sit down & have a very long talk with you, who has figured out that the universe is finite on his own, indicting both the Clinton & Bush administrations for covering up John's murder therefore becoming accessories to murder after the fact which would bring down the cabal & promote disclosure. You have to start somewhere Dr. Greer. President Kennedy was my & even though we corresponded through the mail only, was my friend. Truthfully,
