Hi [REDACTED]

THIS E-MAIL IS CONFIDENTIAL

Thank you for your e-mail. I was under the impression that you had witnesses from the actual December 1980 events, but only one is mentioned here.

There is a problem, both [REDACTED] and [REDACTED] refuse to get involved with anything that [REDACTED] involved with. I think I am safe to say that [REDACTED] (ret) would not want to be associated either.

They all have serious problems with [REDACTED] testimony.

But may I wish you the best with your project

Best wishes
[REDACTED]

Dear [REDACTED]
Debbie Foch forwarded your e-mail to me. My apologies for taking so long to reply. You asked who we had for the Disclosure Project talking about Rendlesham. [REDACTED] [REDACTED] have Steve an extensive interview as did [REDACTED] who spoke about that incident as well as others. We also have Lord Hill-Norton speaking on tape about it. [REDACTED] was in the US military prior to the well-known event, but had some sightings which we have on film.

If you have the names and contact information of any other people involved who you think would be willing to participate in the Press conference on May 9, 2001 at the National Press club in Washington DC we would be thrilled if you would share them with us. We have an excellent publicist who will be getting the media to the press conference. It will be very credible with only government, military and intelligence witnesses to specific events and projects. As the saying goes "A rising tide raises all ships".....this press conference should really do wonders to promote a credible look at the field and thus books such as yours which present clear and uncontroversial events should benefit from it.

Looking forward to hearing from you.
