Dr. Steven Greer,

One of the directors of our company, [REDACTED] has told me about the meeting which took place recently in Monterey. I was delighted to hear about this meeting as it seems that all your efforts are finally coming into focus.

As you know from our discussions last year, we intend to produce a documentary and feature on this subject. I would love to talk to you about the ideas we have to get the film ball rolling, so could you call me at your earliest convenience so that we may discuss the best way to proceed in mutual cooperation.

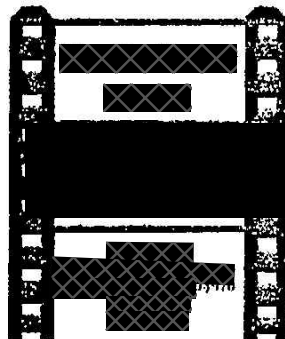

My phone number is [REDACTED] and my fax number is [REDACTED] 8.

Please give my fondest regards to your family.

With best regards
