witness follow up

Hi [REDACTED]

We are down to the last batch of witnesses for follow up.

Steve is very thorough as you know.

So if you have some time and could follow up on these guys that would be great.

If you can reach any of them then it would be going thru the list of questions from [REDACTED] (a while back) and reporting back with their answers so Steve can decide if they are suitable for the film. Your opinion would be great too.

I've got 5 on the list for you and will attach in several e-mails.

If you don't get all the pages or can't read them, let me know and I could fax them.

If you don't have time that's fine too. Just let me know.

By the end of the month would be great, earlier even better.

I mentioned to [REDACTED] we are a little in limbo about Labor Day weekend and are waiting to see what [REDACTED] plans are vis a vis his family etc.

I will hopefully be able to tell you guys something by the end of the week.

Thanks.

[REDACTED]

[REDACTED] - 3 pages - might be old and untraceable

[REDACTED] - 3 pages but there is something I can fax that is 18 pages. Very strange about suppression etc.

[REDACTED] - 2 pages - very old - if e-mail bounces back, so be it

[REDACTED] - 1 page - ditto

[REDACTED] - 1 page - Arnold House who provided the contact information is the witness in the Disclosure book -

AH. He has been finding people like crazy. I don't know any more than what you see here.
