Thanks John for the meme and the subtle introduction.

Hello gentlemen.

I spent a year at the South Pole Station and things are NOT what they seem. I would be happy to elaborate But I do not enjoy texting. I am trying to walk a fine line. I have to share but I may not be able to get the message out faster than I can be stopped. I imagine Mr. Warner is doing his best to help me.

There are only a few minds that can immediately grasp what I know. There is tech beyond the minds of most in the mix. It is real and up and running on the Ice.

I need help. It is just that simple.

Be well,
