To: [REDACTED]

To whom it may concern,

My name is [REDACTED] and I am a former Cryptologic Technician that served 6 years in the US Naval Intelligence community. Please have Dr. Greer contact me ASAP. I have detailed information regarding tracking and monitoring UAPs during TS/SCI operations.

I do not feel safe anymore, as I have been trying to contact Dr Greer over the last year to testify on these subjects. Thank you for your time and consideration.

Very Respectfully,

[REDACTED]

Hi
I specifically remember this person from Instagram. He was trying to reach Steve with a private message, basically stating that he had been in Naval intelligence and had witnessed some things of interest. He sent a few messages and was getting frustrated with the autoresponses. I had checked him out previously and Steve had given permission to give this person his cell number. I cannot find the information I sent on him and he has taken his Instagram account down. He also had a LinkedIn account which now only states his name and that he was a Crypto-technician in the Navy, but nothing else. He was trying to communicate since the end of 2021 and I gave him Steve's number in March of last year.

I cannot trace the email address on him and the cell number he gave is registered to someone named [REDACTED] in Colorado. It is possible on the sites I am searching that they do not have updated information for him as the owner of this number. That is a Colorado area code.
