Subject: I may have some information

To: <[REDACTED]>

Good evening,

I've been following the subject with great passion since I was a child, and later in life fell into some very interesting positions within the government.

I'd like to chat about some things I know first hand to be true, some speculations I have based on what I've seen/done, and some info I have on some people you know very well.

I was a Military Police officer from 1997-2005 and transitioned to the civilian side, first at the State Department, then briefly at the Counter Intelligence Field Activity (CIFA), and finally ran security oversight for all Navy (and several other 3 and 4 letter agencies or entities) SAP's at The MITRE Corporation. Both acknowledged and unacknowledged (and there is more than that).

I have plenty of documentation to verify my background.

I'm not exactly sure how to move forward with communication when it comes to this sort of thing. Obviously I am still bound by multiple NDA's and "Lifelong Obligations" and email is probably not the most suitable or smartest way to discuss.

Please advise, and thank you for what you are doing.

Warm regards,
