Subject: CONFIDENTIAL SOURCES

[REDACTED]

Dear Steven,

I am sending you the attached "notepad" text document on some of my confidential sources. I am sending this from my home computer which has a different e-mail address. I do not know how helpful this is because

I do not have a full address or even phone on some of these. Sgt Suggs has been prolific in info and is in contact with others.

Sincerely,

[REDACTED]

There are others I have lost contact with. No. 4 on the list
is openly talking. Another man, Dan Woolman, claims to have
worked at Area 51/S4 back in the seventies. His story is on
the WEB and it outdoes Lazar!

I have two CIA MEMORANDUMS FOR THE RECORD that may be of some
interest if you do not have these docs. One is dated 9 February =

Objects" and the other is dated 16 May 1958 on a Meeting with
Air Force Personnel Concerning Scientific Advisory Panel =

Report on Unidentified Flying Objects, dated 17 January 1953
(Secret).
