Hello Steven my name is [REDACTED]

I have served in the United States Naval Intelligence. I was a cryptologic technician specializing in collection. I was hoping to have a conversation with you, perhaps share my experience and maybe ask a few questions. I've followed you for some time, I've used your app, and made contact on my own through a protocol I accidentally discovered effective. I have also been a witness to and participant in very high strangeness. I will not discuss it through this platform as the information is sensitive, I really don't need a knock on my front door.

Please let me know if you would be interested to speak. If not best of luck.
