Greetings Dr. Greer and [REDACTED] my name is [REDACTED] I am 51 yrs old and I live in S. Kona on the Big Island of Hawaii and I seen your trailer for your upcoming film "Sirius" and all I can say is FANTASTIC AND THANK YOU BOTH FOR DOING THIS FILM!

I wanted to contact you regarding a very interesting case here in Hawaii involving a Large pyramid just discovered about 2 yrs ago and has been kept basically secret, it could perhaps be the first true Lemurian pyramid found. what makes this case so exciting is that the pyramid was exposed to me by a group of ETs here in Hawaii (I believe it to be about the size of Giza perhaps).

As a result of over a decade of interactions and contact and I now posses over 500 photos of their ships and have many, many encounters with them including a face to face on the night of Jan 1 2010. I have now recorded the sounds of the ships corona discharge 11 times by standing directly below their ships.

The story is much more interesting then what I am telling here, I have done about a dozen or so presentations here in Hawaii at conferences and homes regarding this case and will soon take it on tour. I have been interacting with these ETs and others since about 1997 and it continues today, I just recently along with 7 other people witnessed a fleet of 8 ships from atop Mauna Kea and we are going to return there next weekend to do the same thing. I now have over 40 witnesses to my encounters and growing.

Just thought I would share this info with you as of present this is basically an untold story, thought it may fit into what you are doing. Please feel free to contact me back if interested. Aloha [REDACTED] Kona Hawaii

I attached a pic of the Pyramid.
