

ACADEMIC EDUCATION

- 2000-2001 The Writing Centre
University of British Columbia, Vancouver, BC
- 1995 Harvard School of Public Health, Boston, Massachusetts
Certificate, Managing Ambulatory Health Care for Physicians in
Community Health Centers
- 1993-97 University of Texas at Brownsville
Master of Education in Counseling
- 1967-68 Fulbright Scholar, Montevideo, Uruguay
Economic Integration
- 1964-67 Yale Law School, New Haven, Connecticut
Juris Doctor, International Law
- 1960-64 Yale University, New Haven, Connecticut
Bachelor of Science, Industrial Administration Honors
- 1957-60 Georgetown Preparatory School, Garrett Park, Md.
Honors Graduate in Classics

BOOKS

Books by 

The Age of Cataclysm. (New York: GP Putnam's Sons 1974);
(New York: Berkeley Medallion 1975); (Capricorn Books, 1975);
(Tokyo: Ugaku Sha 1975)

The Levesque Cases. (Ontario: PSP Books, 1990)

Earth Changes: A Spiritual Approach. (Universebooks.com, 2001)

Recovery: A Personal Journey. (Universebooks.com, 2001)

Exopolitics: A Decade of Contact. (Universebooks.com, 2001)

ACADEMIC TEACHING EXPERIENCE

- 1996 University of Texas at Brownsville
Multicultural Counseling Module, Dr. Alma Leal
Multi-Cultural Counseling, Education Department
- 1993 University of Texas at Brownsville
Adjunct Faculty Member
Constitutional Law: Civil Liberties
Government Department
- 1965-67 Yale University, New Haven, Connecticut
Assistant in Instruction, Economics Department
US Federal Taxation

HEALTH CARE ADMINISTRATION

- 1993-98 BROWNSVILLE COMMUNITY HEALTH CENTER, Brownsville, Texas
Federally qualified health center providing 90,000 indigent health care encounters annually in lower Rio Grande Valley.
Position: Deputy Director
Responsibilities: Deputy CEO exercising administrative authority over \$10 million annual budget, 14 health care providers and 100 support staff; development of regional integrated service networks and managed care.
- 1997-98 VALLEY PRIMARY CARE NETWORK
Position: Coordinator
Responsibilities: Development of an integrated services network among primary health care providers in the lower Rio Grande Valley.

MENTAL HEALTH COUNSELING EXPERIENCE

- 1999-2001 Aboriginal Healing Foundation - Project Development
Guni's Tsi Nedzedundeli' - The Kaska Project
Multi-year traditional and Western psychotherapy healing project
Kaska First Nation, Watson Lake, Yukon.
- 1996-97 University of Texas at Brownsville, M.Ed (Counseling) Program
Practicum I and Practicum II, supervised psychotherapy with adult clients.
- 1993-97 Counselor and facilitator - support group for adults with mood disorders. NDMDA, Brownsville, Texas.
- 1996-98 Member, Board of Directors, Texas Depressive and Manic Depressive Association.

PROFESSIONAL DEVELOPMENT

- A. **CLEARY, GOTTlieb, STEEN & HAMILTON**
Position: Associate, New York, N.Y.
Responsibilities: International finance, tax, and litigation practice for investment banking, corporate, and public sector clients.
Dates: 1968-70
- B. **NYC ENVIRONMENTAL PROTECTION ADMINISTRATION, New York**
Position: General Counsel and Assistant Administrator
Responsibilities: Design and enforcement of environmental standards for air, water, and noise pollution, and solid waste management. Enforcement and contract approval for constituent agencies: Water Resources, Sanitation, Air Resources, Noise Abatement, Environmental Control Board.
Line authority over 25 attorneys and professional staff.
Dates: 1970-73
- C. **FORD FOUNDATION, New York City**
Position: Consultant, Resources and Environment
Responsibilities: Evaluation and program recommendations in public interest environmental law program for grantees including Natural Resources Defense Council and Environmental Defense Fund.
Dates: 1973-76
- D. **STANFORD RESEARCH INSTITUTE (SRI International), Menlo Park, California**
Position: Futurist, Center for the Study of Social Policy
Responsibilities: Studies in alternative futures, innovation diffusion, and social policy applications for clients including:
1977 Carter White House Non-terrestrial Study ,
National Science Foundation, U.S. Congress (Office of Technology Assessment),
U.S. Department of Energy, and State of California (Energy Plan).
Dates: 1977-78
- E. **NEW YORK STATE LEGISLATIVE INSTITUTE, New York**
Position: Senior Fellow
Responsibilities: Public policy studies and legislative initiatives for New York State Legislature; Development of Graduate School of Political Management
Dates: 1983-87
- F. **LEGAL ACCESS WORLDWIDE (L.A.W.), INC. New York, N.Y. and Ontario, Canada**
Position: President
Responsibilities: International legal access and litigation management firm
Dates: 1986-1990

COMMUNITY PARTICIPATION

- 2000 Presenter, Presidential Forum on Non-Terrestrial Policy, Santa Clara Convention Center, CA.
- 1996-2001 Public Participant, Joint Public Affairs Committee, Commission for Environmental Cooperation (CEC), Montreal, Quebec, Canada
- 1997-98 Member, Audubon Sabal Palms Wildlife Sanctuary, Rio Grande Valley, Texas, USA
- 1996 Elected Delegate, Texas Democratic Presidential Convention, Dallas, Texas
- 1986-87 WBAI-FM - New York, Pacifica Network
 Co-Producer/host of live public affairs radio programming
 Moscow-New York Live/New Age Radio/Radio en Espanol/Politics:Talk Show
 CoProducer & Host of *Instant of Cooperation*, first radio broadcast between USA and Soviet Union, carried live by Gosteleradio and NPR satellite.
- 1982-87 Non-Governmental Organization (NGO) Delegate
 United Nations, New York, USA
 Communications Coordination Committee for the UN
 UNISPACE Conference (Vienna)
 UN Second Special Session on Disarmament
- 1980-82 Member, Governor's Emergency Taskforce on Earthquake Preparedness, State of California, USA
- 1974-78 Co-Director, Assassination Information Bureau, Washington, DC, USA
 Public interest counter intelligence
 Public interest research -- House Select Committee on Assassinations

Attorney at Law: Member, District of Columbia Bar - #412541, Washington, DC, USA

LANGUAGES: BiCultural in English and Spanish; working French

AUTHOR [REDACTED] JD, MEd brings to his work credentials as a futurist at Stanford Research Institute, studying extraterrestrial communication in conjunction with the National Science Foundation and the Carter White House. His context communication theory of extraterrestrial intervention was first introduced in his earlier book **The Age of Cataclysm**, (New York: GP Putnam's Sons 1974); (New York: Berkeley Medallion 1975); (Capricorn Books, 1975); (Tokyo: Ugaku Sha 1975). Webre is a science journalist who is frequently consulted by national and international media on cometary and near space issues. In the summer of 1999, Webre appeared on over 60 media programs in the United States and elsewhere on issues of near space catastrophe. A recent book is a work of futuristic political journalism, **The Levesque Cases**, (Ontario: PSP Books, 1990).

A Fulbright Scholar, graduate of Yale University, Yale Law School (where he was Yale Law School National Scholar) and the University of Texas Counseling Program, Alfred Webre has been an Environmental lawyer, Futurist, University teacher, Author, Radio talk show host, Community health and social activist. He has taught at Yale University and the University of Texas. Webre has been a Non Governmental Delegate to the United Nations, as well as a delegate to the Texas Democratic Convention. Webre resides in Vancouver, BC with his wife, Dr. Geri DeStefano-Webre, a psychotherapist and psychic with Global Psychics.

Webre serves as Editor of EcoNews Service, Vancouver, BC:

EXOPOLITICS: A DECADE OF CONTACT

EARTH CHANGES: A Spiritual Approach

RECOVERY: A Personal Journey

February 5, 2001

Steven M. Greer, M.D.

Steven
Dear Steven:

I am enclosing a copy of my affidavit to the CSETI Disclosure Project regarding the 1977 Carter White House study, together with some personal background information.

As we discussed, please feel free to include the affidavit as part of the Disclosure Project presentation.

I am preparing a series of pre-briefing recommendations, and will be in touch shortly. I am also starting to free up my schedule so as to be able to be in Washington, DC during some part of the pre-briefing period.

Please let me know of any other information that would be useful.

Best wishes,

COPY

STATE OF CALIFORNIA _____

Affidavit of _____

SWORN AFFIDAVIT _____

I, _____ do affirm and swear the following to be true and factual:

1. My name is _____ I was born _____ at the US Naval Air Base, Pensacola, Florida. My present address is _____ I hold a Bachelor of Science degree from Yale University, 1964. I hold a Juris Doctor degree from Yale Law School, 1967. I hold a Master of Education in Counseling from the University of Texas at Brownsville, 1997. I am a member of the Bar of the District of Columbia.

2. 1977 Carter White House Extraterrestrial Communication Study - As Senior Policy Analyst at the Center for the Study of Social Policy at Stanford Research Institute (now "SRI International", Menlo Park, California), I was Principal Investigator for a proposed civilian scientific study of Extraterrestrial communication. This Study presented to and approved by appropriate White House staff of President Jimmy Carter, during the period May 1977 until its unlawful termination of contract research on or about September 1977.

3. At the time of such unlawful termination, the Proposal for the 1977 Carter White House Extraterrestrial Communication Study had been approved for implementation by the management of Stanford Research Institute, and by appropriate White House Domestic Policy staff. On information and belief, the 1977 Carter White House Extraterrestrial Communication Study was also pending review by James Fletcher, the Administrator of NASA in or about September 1977.

PERSONS WITH DIRECT AND PERSONAL KNOWLEDGE OF THE 1977 CARTER WHITE HOUSE EXTRATERRESTRIAL COMMUNICATION STUDY

4. On information and belief, the persons, together with their then positions, having direct personal knowledge of the 1977 Carter White House Extraterrestrial Communication Study include at least the following:

- A. [REDACTED] Institute for the Future, Palo Alto, Ca. Position in Study: Scientific Investigator
- B. [REDACTED] Chairman, Dept of Physics, Stanford University. Position in Study: Scientific Adviser.
- C. [REDACTED] Supervisor, Center for the Study of Social Policy, Stanford Research Institute. Position in Study: Line Supervisor
- D. [REDACTED] Senior Policy Analyst, Center for the Study of Social Policy, Stanford Research Institute. Position in Study: Policy Adviser. Present position: Chairman, Global Business Network
- E. [REDACTED] Senior Policy Analyst, Center for the Study of Social Policy, Stanford Research Institute. Adviser. Deceased.
- F. [REDACTED] (African American), Senior administrative official, Stanford Research Institute. Position in Study: Internal administration of Study.
- G. [REDACTED] SRI-Pentagon Liaison Officer, Washington, DC. Position in Study: Terminates 1977 Carter White House Extraterrestrial Communication Study through unlawful interference with contract, in or about September 1977.
- H. [REDACTED] Administrator, National Aeronautic and Space Administration (NASA). Position in Study: Contract review of Proposal. NASA Administrator has copy of proposal and orders staff review in or about September 1977.
- I. [REDACTED] Staff member, White House Domestic Policy Staff, Washington, DC. Position in Study: White House Liaison contract officer for Study, who reviewed and approved 1977 Carter White House Extraterrestrial Communication Study during period May 1977 to September 1977.

DESCRIPTION OF UNLAWFUL TERMINATION OF 1977 CARTER WHITE HOUSE EXTRATERRESTRIAL COMMUNICATION STUDY.

5. During the period May, 1977 until the unlawful termination of the Study in September, 1977, I met at the Executive Office Building, White House approximately every 20 days with appropriate White House staff to review and secure contract research approval of the 1977 Carter White House Extraterrestrial Communication Study. On information and belief, my signature is recorded with the security gate of the Executive office building for each such visit. The only other occasion on which I have accessed the Executive office building and signed in at the Security Gate was in 1988, when handling a legal matter on behalf of a client who had brought legal action for acts of President George HW Bush, Sr.

6. During the period May to September, 1977, I presented verbal briefings, a written outline, and a written proposal for the 1977 Carter White House Extraterrestrial Communication Study to the appropriate White House staff member [REDACTED]. The purpose of such presentations and proposal was to secure sole-source contract research approval from the White House, as well as to facilitate contract relations with the Study's proposed contracting agencies, NASA and National Science Foundation. Such presentations included the proposed Study as a collaborative effort of the National Science Foundation, NASA (National Aeronautic and Space Administration), Stanford Research Institute and the White House Science Advisor's Office and Domestic Policy Staff.

7. An outline and overview of the proposal for the 1977 Carter White House Extraterrestrial Communication Study is set out in Appendix I hereof. During the May 1977 - September 1977 period, such proposal was, on information and belief, in the possession of White House staff members of the Domestic Policy Staff and of the White House Science Advisers Office, in addition to White House staff member [REDACTED]. The 1977 Carter White House Extraterrestrial Communication Study was designed as a major, civilian, scientific, multi-disciplinary study of the phenomena, with a duration of at least three (3) years.

8. The proposal for the 1977 Carter White House Extraterrestrial Communication Study was prepared with the direct, personal assistance of [REDACTED] and [REDACTED] both then expert scientists in the field. [REDACTED] personally handed a version of the preliminary proposal to me on the morning of my airplane flight from Palo Alto, Ca. to Washington, DC in or about September 1977 to meet with White House staff on contract research approval of the proposal.

9. At a meeting in or about September 1977, [REDACTED] of the White House Domestic Policy Staff approved in principle the 1977 Carter White House Extraterrestrial Communication Study as a sole source contract research project. Jane Doe also approved my representing to officials of the Study's cooperating agencies - National Science Foundation and NASA - that the White House had approved the Study for application for sole source funding. On information and belief, Jane Doe had authority to make such determination, and communicated such determination to appropriate personnel within the White House Domestic Policy staff and White House Science Adviser's office.

10. On information and belief, copies of the 1977 Carter White House Extraterrestrial Communication Study proposal are on file in the office archives of the NASA Administrator, and/or personal archives of the former Administrator. On information and belief, copies of 1977 Carter White House Extraterrestrial Communication Study proposal may be on file in archives of the White House Science Adviser, White House Domestic Policy Council, at the Carter

Presidential Library or elsewhere. On information and belief, copies of the 1977 Carter White House Extraterrestrial Communication Study proposal may be in the files of SRI International or former SRI personnel, Study investigator Jacques Vallee, and Study adviser Peter Sturrock.

11. Following the September, 1977 meeting at which White House Domestic Policy staff approved the 1977 Carter White House Extraterrestrial Communication Study, I returned to SRI Headquarters in Palo Alto, Ca., and was directed to attend a meeting with [REDACTED] an African American senior administrative officer of SRI. Also present at the meeting was Peter Schwartz, SRI policy adviser to the 1977 Carter White House Extraterrestrial Communication Study. [REDACTED] stated to me that in a few minutes John Doe2, SRI-Pentagon liaison would be joining the meeting. John Doe indicated that John Doe2 had stated that SRI's research contracts with the Pentagon would be jeopardized if SRI went forward with the 1977 Carter White House Extraterrestrial Communication Study. [REDACTED] stated that the Study was hereby being terminated and advised me, in his words, to "dissimulate" any negative reaction I might have.

12. [REDACTED] entered the meeting, and stated to me that he had been personally informed by Pentagon officials that SRI's research contracts would be terminated by the Department of Defense if SRI proceeded with the 1977 Carter White House Extraterrestrial Communication Study. John Doe then stated that the 1977 Carter White House Extraterrestrial Communication Study was being terminated "because there are no UFOs."

13. I vociferously confronted [REDACTED] and verbally presented evidence for the extraterrestrial presence and the UFO phenomena. At the end of the meeting, John Doe and John Doe2 verbally decided that the 1977 Carter White House Extraterrestrial Communication Study was immediately terminated. Both these persons were fully aware of the prior approval by the White House staff of the Study. On information and belief, SRI does not in practice terminate contract research with US government agencies after prior approval by the White House.

14. The evening of this meeting with [REDACTED] and [REDACTED] SRI staff member Peter Schwartz, who was present at the meeting, telephoned me at home and acknowledged my confrontation with [REDACTED] earlier that day.

15. Starting in or about September, 1977, following termination of the 1977 Carter White House Extraterrestrial Communication Study, I was personally subjected to electronic and chemical intrusions on my person which bear the same symptomology and electronic signature as those ascribed to non-lethal "mind control" electronic and chemical weapons of the MKULTRA ("Mind Kontrol ULTRA") program.

16. During this time period, I was the target of three separate intrusions of such non-lethal weapons, two of which occurred with coordinated ground weapon's personnel.

17. Such three intrusions occurred at the Pentagon, in New Orleans, Louisiana prior to a meeting with Judge [REDACTED] at the New Orleans Athletic Club, and at the grounds of Stanford Research Institute at Palo Alto, Ca. As a result of such advanced non-lethal weapons intrusions, I was hospitalized for health reasons, forced to take a health-related leave of absence, and to resign from my position at SRI on health grounds.

18. On information and belief, I suffered adverse health effects from such non-lethal weapons attacks as were described in testimony before a US Senate Committee and other Congressional committees regarding the MKULTRA non-lethal weapons program of the US Central Intelligence Agency and other intelligence entities.

19. On information and belief, such non-lethal weapons intrusions against me were carried out as part of MKULTRA or related programs, at the direction of personnel of the US intelligence agencies, or surrogates thereof, for the purpose of deterring me from pursuing the 1977 Carter White House Extraterrestrial Communication Study. On information and belief, such attacks were carried out for the purpose of disabling me as a research professional, and destroying me as an economic entity.

20. On information and belief, such attacks have directly caused and contributed to serious personal health symptoms and syndromes I have suffered in the years 1977 to present, for which I am entitled to and seek lawful compensation.

21. On information and belief, such termination of the 1977 Carter White House Extraterrestrial Study as herein described constitutes unlawful and malicious interference with contract research, as well as a civil tort and criminal assault on my person.

22. On information and belief, the underlying public need for the research and public recommendations envisioned by the 1977 Carter White House Extraterrestrial Communication Study remain as necessary at present as at the time of the original proposal for the research.

SWORN TO AND SUBSCRIBED IN SACRAMENTO, CALIFORNIA THIS 30th
DAY OF AUGUST, 2000.

[REDACTED]

[REDACTED]

Notary Public

APPENDIX I
To the Affidavit of Alfred Lambremont Webre

1977 CARTER WHITE HOUSE EXTRATERRESTRIAL COMMUNICATION
STUDY

The over-all purpose of the 1977 Carter White House Extraterrestrial Communication Study was to create, design and carry out an independent, civilian-led research compilation and evaluation of phenomena suggesting an Extraterrestrial and Interdimensional intelligent presence on Earth. The outcome of the Study was to have been a public report by the White House, detailing the compiled evidence and evaluation, together with possible scientific models for the implications of the research. The White House report was to have contained public policy recommendations emerging from the evaluations and conclusions of the Study. These, if warranted, included transformation of secrecy regulations of US military-intelligence agencies. It is clear from the evidence that the phenomena to be studied are worldwide and in the public domain.

The scientific and public policy goal of the 1977 Carter White House Extraterrestrial Communication Study was to fill a substantial gap in civilian scientific knowledge of the UFO (Unidentified Flying Object), Extraterrestrial Biological Entities (EBEs), and related phenomena. This knowledge gap was created and maintained by excessive secrecy practices and regulations of US Department of Defence agencies in the various generations of its UFO-programs since the late 1940s, including but not limited to Project Grudge and Project Blue Book, as well as other alleged secret programs.

Historically, the agencies proposed for the Study were:

- White House - Principal sponsorship and policy coordination of Study
- NASA - Consultative line agency regarding UFO and Near Space phenomena, including terrestrial-UFO or EBE interaction
- National Science Foundation - Advice and consultation by the National Science Board
- SRI International - Principal Investigators of Study
- Scientific experts on UFO, EBE and related phenomena - Scientific Advisers

It should be noted that the structure and contributors to the 1977 Carter White House Extraterrestrial Communication Study are similar and parallel to the COMETA Report, issued by a high-level private Committee in France after a three year study. That Committee included the former head of the French equivalent of NASA. The COMETA Report endorses the Extraterrestrial hypothesis as the most plausible interpretation of the data. The 1977 Carter

White House Extraterrestrial Communication Study antedated the COMETA Report by approximately twenty (20) years.

The 1977 Carter White House Extraterrestrial Communication Study was designed and structured around several research phases and tasks:

- **Compilation of UFO, EBE, and related phenomena database** - The Study team would compile a complete, objective, scientific data base of all UFO, EBE and related incidents from all available sources: US private and non-profit UFO and EBE data bases; International governmental, non-profit, and private UFO and EBE data bases (e.g. the Government of France, China, Russia, Brazil, Mexico); UFO and EBE data bases held by US military personnel and agencies, under a White House-mandated pardon from relevant security regulations affecting disclosure.
- **Evaluation of UFO, EBE and related phenomena database** - The Project team, employing its expertise in the areas of UFO, EBE, and related phenomena, would evaluate the compiled data base, and develop alternative interpretive models of data, including but not limited to the Extraterrestrial hypothesis. The Study contemplated contracting with relevant research scholars and experts in this field, as necessary.
- **Report and Recommendations** - The Study would produce a public report, including the full UFO, EBE, and related phenomena database, as well as the full results of the evaluation and model-building phases of the research. The Report would also include public policy recommendations as justified by its evidentiary and analytical conclusions. The Study proposal envisioned that recommendations might include:
 - Global and regional UFO and EBE data banks, under independent scientific and community-based control.
 - Public, international funding in the UFO, EBE and Extraterrestrial communication fields.
 - Rescission of military-intelligence secrecy regulations that inhibit the flow of UFO and EBE reporting in the field.
 - Design and implementation of a public Extraterrestrial Communication Program for intentional terrestrial non-hostile communication with such Extraterrestrial intelligence as might be posited by the Study.
 - Design and implementation for an international public order system to facilitate integration of Earth into a Universe governmental order.

Subj: **West Coast Interview Schedule Update**
Date: 08/15/2000 8:09:50 PM Eastern Daylight Time
From: [REDACTED]
To: DrSGreer

Update on the following witness:

[REDACTED]

Webre will be attending the UFO Expo in the Bay Area Friday, 8/25 through Tuesday, 8/29. He will then be visiting his brother in Sacramento between 8/29 through 9/1. After which he returns to Vancouver and is also available from then on. Do we want to schedule an interview with him while he is in California or wait until Sept. 5th - 9th to do it in B.C.?

Phone numbers for Webre in CA:

At the UFO Expo:

[REDACTED]

At his brother's:

[REDACTED]

R.

Subj: **WITNESS REPORT**

Date: 7/24/00 6:34:11 PM Eastern Daylight Time

From: [REDACTED]

To: DrSGreer, [REDACTED]

1. Obtain full name, address, phone numbers, email and other data and record same.

[REDACTED]

2. Obtain brief educational and employment history relevant to the testimony (ie, government, military, intel., corporate)

[REDACTED] JD, MEd brings to his work credentials as a futurist at Stanford Research Institute, studying extraterrestrial communication in conjunction with the National Science Foundation and the Carter White House. His context communication theory of extraterrestrial intervention was first introduced in his earlier book *The Age of Cataclysm*, (New York: GP Putnam's Sons 1974); (New York: Berkeley Medallion 1975); (Capricorn Books, 1975); (Tokyo: Ugaku Sha 1975). Webre is a science journalist who is frequently consulted by national and international media on cometary and near space issues. In the summer of 1999, Webre appeared on over 60 media programs in the United States and elsewhere on issues of near space catastrophe. A recent book is a work of futuristic political journalism, *The Levesque Cases*, (Ontario: PSP Books, 1990).

A Fulbright Scholar, graduate of Yale University, Yale Law School (where he was Yale Law School National Scholar) and the University of Texas Counseling Program, Alfred Webre has been an Environmental lawyer, Futurist, University teacher, Author, Radio talk show host, Community health and social activist. He has taught at Yale University and the University of Texas. Webre has been a Non Governmental Delegate to the United Nations, as well as a delegate to the Texas Democratic Convention. Webre resides in Vancouver, BC with his wife, Dr. Geri DeStefano-Webre, a psychotherapist and psychic with Global Psychics.

3. Record the details in summary form of the witness' testimony, providing salient information on date, location, position and involvement at the time of the UFO/ET event or project.

While serving as a resident futurist at SRI in 1977, Dr. Webre was asked to join an early Carter Administration study on UFOs and extraterrestrial communication.

Webre claims that this Carter White House study was abruptly and secretly terminated at the behest of Pentagon officials, led by the SRI liaison with the Pentagon. The study was to have been undertaken jointly by the National Science Foundation and the Center for the Study of Social Policy at SRI where the witness was a futurist and principal investigator of the study. Their goal had been to produce an assessment akin to the 1999 French COMETA report. When the project was shut down, the reason for doing so given by the Pentagon official overseeing its demise was simply "UFOs don't exist."

Webre and other project participants were told by the ranking senior VP of SRI at the time to "dissimulate", or to forget that the project had ever existed, and to not talk about it. Due to his long standing public interest and social activism commitment, Webre decided that he would go public with his knowledge at that point.

Immediately following termination of the project in September of 1977, Webre was subjected to a high level of surveillance and MK Ultra-style electronic mind control intervention. He was incapacitated for six months. The witness points out that prior to his involvement with the UFO subject at SRI, he had previously spearheaded research into both the JFK and MLK assassinations; neither of which had ever resulted in counterintelligence intervention. Such massive intervention only emerged

following the ending of the UFO project and his open statements regarding his willingness to go public with what had just taken place.

4. Ascertain the witness' degree of cooperation : Is he / she willing to be interviewed under full identity? Under a disguise (we want to discourage this except in rare cases) ?

1000% committed to Disclosure. He will go on camera. Witness is prepared to approach former SRI colleagues with invitations to participate in Disclosure, and will send them printed literature that we provide to him. For reasons of confidentiality, he is reluctant to provide names of most SRI project participants. All of the participants are "household names", and they are all high profile individuals. He did name former SRI Director, the late Dr. Willis Harman, as a participant, as well as physicists and remote viewing pioneers Dr. Hal Puthoff and Dr. Russell Targ. Another participant who was a direct witness to the project shut down was futurist Peter Schwartz, now working with Standard Oil. Schwartz was present at the meeting with the SRI Pentagon liaison which resulted in the project's termination, and he was very disturbed by what he saw and heard. He may be willing to come forward, but Webre is not sure. He hasn't spoken to Schwartz in 23 years. Webre will query Schwartz on our behalf.

5. Ask if he/she has corroborating witnesses to the event or project or corroborating documents and other materials.

He knows of several people who could corroborate, but there are no guarantees they will be interested in coming forward. Probably not, but he will try nonetheless.

6. Always ask if the witness has other evidence, networks, or contacts to other witnesses which could be useful to the project (they may not offer this and so this should always be asked).

Yes. His former SRI network bridges over to other classified projects at that time in remote viewing, energetics, psi applications.

7. Write your own assessment of the value of the witness' testimony and credibility, and HOW the witness comes across (articulate, etc) .

Highly articulate and credible. Can provide individual names and institutions involved.

8. Let the witness know that we will be contacting him/her later to set up a date to conduct a full interview.

Done.
