Dr. Greer,

Greetings from a fellow North Carolinian!

I am privileged enough to be related to a US Army veteran who was given top-secret clearance to work in the underground complex built by the various military agencies.

I have recorded a couple hours of his testimony and have authentic documentation of his service. He has decided to come forward as a way

to help bring an end to financial tyranny and also because he believes 2012 is a seminal year in which the truth must be exposed.

Deb,

Thank you for writing.

Yes, he has the DD214, but is reluctant to share that. He feels he has already provided ample verification (of which I personally vetted), and he feels he is risking his life in coming forward. However, he did agree to a preliminary discussion to set the ground rules and is open to further discussion.

He asked me to speak on the phone with you before providing a number.

I can talk anytime you like, my cell is [REDACTED]

Sincerely, XXXXXX
