>> It would be wise for all American Citizens, and especially people
>> in developing countries to heed the warning of Zeus to Narcissus--
>> " You better watch yourself."

>>

>> Tuesday evening Sept. 16 1997, the House and Senate Intelligence
>> Committees, the Constitutional Representatives of the Citizens of
>> the United States of America for the oversight of the ever growing

>> power of the national security machine, met in secret session behind closed doors to divest themselves of the responsibility of overseeing America's taxpayer (secretly) funded shadow government.

>> In a radio interview on Washington DC's Joe Madison show, Richard Nuccio, senior advisor to Senator Robert Torricelli of New Jersey, broke the news of this closed door session to transfer the responsibility of keeping the CIA under even a minimal amount of control, to the executive branch. It is the President who gives them their orders in the first place.

>> Nuccio was given false information by the CIA to present to a Congressional hearing on CIA involvement with Guatemalan death squads. When he discovered the lies, he went back and blew the whistle on the CIA to congress. He lost his security clearance due to pressure from the CIA. This was a well known case because Sen. Torricelli was admonished for publicly breaching "secret" information in defence of his aid.

>> In the interview Nuccio stated that the House/Senate Conference Committee on Intelligence was placed under a gag order not to discuss anything about the meeting. I believe (but am not certain),

>> that the gag was ordered by Porter Goss, a man rumored to have ties

>> to the CIA.

>> THIS HAPPENED ONE WEEK AGO. HAVE YOU HEARD ANYTHING ABOUT IT?

>> I am an ordinary citizen. Where is the GOD DAMNED PRESS?

>> It is my speculation, that this is happening because of the pressure put on the CIA by members of Congress forcing the issue of the CIA's involvement in the Iran/Contra/Crack Cocaine/money-laundering/arms smuggling operations most recently made public by Gary Webb's story "DARK ALLIANCE". Black elected officials like Maxine Waters have no intention of letting this slide since this crack devastated her district in L.A.

>> What is frightening to me is that they evidently feel that they have enough power to get away with this. They simply decided that they don't really even need to maintain the facade of democracy anymore. Apparently only the President who gives them their orders to commit illegal acts at home and abroad, will now be the only one

>> able to slap their wrists.

>> Who will set and overlook their secret "black" budget? Will Congress give that up too?

>> Congress is also voluntarily shedding their power over regulating trade. The vote to give the President the authority to bypass Congress on the expansion of NAFTA is more of the same. 54% of the American people are against "fastrack", so rather than face angry constituents

>> at election time, they simply dump the Constitution and turn all responsibility over to a President who won't have to face angry voters in 2000.

>>
>> This is all happening because we Americans have turned our
Democracy
>> over to Wall Street, giant corporations, and rich foreigners who
buy
>> American Policy from the highest officials in the land.
