

Dear Steven:

Enclosed is the NRO/Nellis Complex document I promised. [REDACTED] has given me his express permission to release it to you. The U.S. Navy Seal who "liberated" this top secret memo has since disappeared, and is presumed dead. Perhaps you might use this as a silver hammer and make sure this patriot did not die in vain. The memo proves the following:

- There are above top secret operations going on at the Nevada Test Site/Nellis Complex that are totally unknown to Congress, The President, Joint Chiefs of Staff, Dir. of Central Intelligence and just about everyone else.
- The NRO Security Division somehow has control over these top secret operations, as evidenced by their issuing a "Blue Fire" scenario.

I see this as something dynamic, short & sweet, that you could lay on everyone's desk. [REDACTED] and [REDACTED] are 100% convinced this is a genuine document. We ask that you keep it to yourself, like we don't want to see it show up on the Internet, etc. Also, I would ask you to please destroy this letter and express package it came in immediately. FYI, the blackouts (except for the addresses) were on the original memo as passed to [REDACTED].

Senator Bryan of Nevada has a real hatchet out right now for the NRO. Maybe we could give him a bigger hatchet, huh? So put Bryan near the top of your list to slip one of these babies to. I have also enclosed a memo from Sen. Bryan's office re: NRO.

God's speed, Steven.
