

CASE 2) Thanks to Michael Johnstone, a California researcher, who did some good research spadework, it was arranged for me to talk with a former marine who claimed, in 1963, he stood guard at an undisclosed military base which housed a "disc-shaped vehicle with ovoid cross section, 40 ft. across and 13 ft. thick at the center." A more detailed description of the craft appeared in my article, *"The Chase for Proof in a Squirrel's Cage"*, published in the British book, *UFO's 1947-1987*. The marine, who signed a security oath, said that he guarded the secret premises for two weeks while a technical crew, speaking in code, tried every known means to gain entry into the craft, including a laser device. Once, he said he observed that it deflected off the curved side of the craft into the rafters causing some damage. "The public should know the truth about UFOs", the ex-marine told me, but I felt he knew more than he had cautiously related, and would not budge in disclosing the name of the base.

CASE 3) Former military sources with information about witnessing a special movie showing deceased alien bodies surfaced in the late 70's. These were published in my *Status Report II* (See Cases A-4 and A-9). The viewing of the film was always behind doors and the viewers were few. Then in 1985, Chris Coffey, of Cincinnati, who was a close friend of astronaut Ellison Onizuka, revealed to me that she had asked him when they met after one of his visits to Wright-Patterson AFB, about his interest in UFOs. He admitted he kept an open mind on the subject and added that his curiosity was aroused when he and a select group of air force pilots, at McClelland AFB in 1973, were shown a black-and-white movie film featuring "alien bodies on a slab". In his state of shock, he said he remembered saying aloud, "Oh, my God!" Chris, knowing my work in C/R, had arranged for me to meet Onizuka to discuss UFOs after his scheduled flight on the space shuttle, *Challenger*. As it turned out, fate intervened when the shuttle exploded.

CASE 4) With the confusion among researchers over the number, locations and dates for several alleged UFO crashes on the Texan border with Mexico -- and in Mexico -- Tom Deuley, who heads the MUFON team in Texas, wrote to me in February, 1988, excerpts, as follows:

Shortly after returning from Washington (MUFON Symposium) my group was challenged to look into the El Indio-Guerrero case that is briefly mentioned in the MJ-12 document...I'm writing to ask if you can give us any details, or rumors, beyond what is printed in your papers...I have gone through your works and made copies of everything that may be related to the El Indio case.

My response by letter, February 12, 1988, follows:

...A few weeks ago, I was sorting out some old correspondence and found a letter dated March 1985 on which I had noted, "Follow Up". I noted also that I had tried to reach the sender, seeking more information, but got no
