

AIR INTELLIGENCE INFORMATION REPORT

FROM (Agency)	REPORT NO.	PAGE	OF	PAGES
Dir/Int, Hq NEAC	IR-4-51	2	2	2

1. The following described unidentified aircraft/object was sighted off the coast of Newfoundland by MATS Navy C-54 crew.

R5D

a. Originally sighted as a single, heavy, yellowish light, similar in appearance to that of a city. As object approached observing aircraft, it grew very bright and large, and appeared to be semi-circular in shape. Near aircraft, it did a 180° turn and was last seen as a small ball disappearing over the horizon. The speed was "terrific" and the size "tremendous" to quote observers. (The difference in size between the time it was first seen and last seen as a small ball going over the horizon was described as tremendous, at least 100 times larger.)

b. Sighted at 0055Z on 10 February 1951 and remained visible for approximately 7 or 8 minutes.

R5D #56501

c. Visually observed from MATS Navy C-54 #6501 of VR-1 Squadron based at Patuxent, Maryland, flying at 10,000 feet altitude, 172 knots air speed, 225° true course.

d. Observing aircraft was at 49° 50' N 50° 30' W at the time of observation. Object appeared near the water's surface at approximately a 45° downward angle from the observing aircraft and was making good a true course of approximately 125°. Upon approaching observing aircraft, it executed a sudden turn approximating 180° and disappeared very rapidly over the horizon.

e. Object sighted by 5 crew members, listed below, of the above aircraft, who are all experienced North Atlantic fliers. Gander Traffic Control reports no other aircraft known to be in the vicinity at time of sighting. All 5 observers agree on facts as stated, but there has been no confirmation from other sources. Believe C-3 appropriate.

Lt Fred W. Kingdom - 173390 (first to see object)
 Lt. A. L. Jones - 391096
 Lt G. E. Bethune - 299055
 Lt N. G. B. Koger - 305873
 Lt J. M. Meyer - 263836

f. Weather clear, visibility from 15 miles to unlimited, no other weather information available.

g. No unusual meteorological activity known to exist and having any influence on the sighting. This object could not have been a comet as the object was below and between the aircraft and ocean.

h. No physical evidence available.

i. No interception action taken.

2. The above information was forwarded from this Headquarters to Headquarters, USAF by EN 10 February 1951 by TTX EN, NEAC EN 0212 and EN 0213.
