Dear Sir:

On August 10, 1967 I was out side sitting on a car with my friends. As I was sitting on the car I looked up at the sky and saw a round light going across the sky. On the bottom of the light was a green line. On the back of it was a ~~tail~~. The tail was white. On the bottom of the white was red and green lines. It looked Liked this

AUG 22 67

Dear [redacted]:

This replies to your recent letter concerning your observation of an unidentified flying object (UFO) on August 10.

We are unable to offer an explanation because of insufficient data. Essential information, such as detailed flight characteristics, weather information, and angular velocities are needed in any scientific investigation of a reported UFO sighting. Had you reported your observation to the nearest military installation at the time, an evaluation would have been possible. The local UFO investigator is in a far better position to conduct an on-the-spot investigation.

Thank you for reporting your observation to the Air Force.

Sincerely,

BARNETT B. YOUNG
