

September 11

Hear [redacted] who has written
articles on the Roswell "Incident";
wrote me that you can call
him at [redacted] or write
him at [redacted]
New Mexico [redacted]

You might order Roswell in
Perspective written by Karl
in 1994. Imagine Karl can tell
you where to get it if he does not
have copies at his office to send you.

[redacted] will have a book titled
The Roswell UFO Mystery: Legend
and Reality published in time for
the 50th reunion.

From talking with Karl
and reading his books, you'll

get much more information
than [redacted] can give you.

Regards to your folks.

Sincerely,
