>> THE DISCLOSURE PROJECT - UPDATE AND STATUS
>>

>> In the past 4 or 5 months, CSETI has been able to identify, contact and film
>> nearly 90 military, intelligence and government witnesses to UFO events and
>> projects. Many of these interviews and accompanying evidence are definitive
>> and will be able to establish the reality of the UFO/ET subject as well as
>> the nature and purpose of the secrecy surrounding it.
>>
>> We will be completing these interviews in the next 30 days. Anyone who is
>> aware of a potential witness or who has important other evidence should
>> contact CSETI Director Steven M. Greer MD as soon as possible for inclusion
>> in the project. Government witnesses only may call Dr. Greer at [REDACTED]
