Material

Foley - Met → Material -

July 1997 - other couple
on porch in Missau - saw
desc come in flames → Potter
Jagged and a Sellenal
bunny knees → gnd - - desc moves
more further - heard about
Roswell later & ridicule -
for 3 days couldn't get seen with -
later he learned it - later
before he died he told son -
this Jan - the son dug it up &
finds material & connects to
friendly Foley who deals in
meteorites - 3 material -
pods 4 ft long & girth of foot
dark in color 13 feet, one Broken
smaller material - see in
microscope wires/fiber of
light

Blue Green material - mineral -
stone like -

one material see wires and

Microscope - See @ Captaine some
spheres which go thru material.

- Foley to pursue
