This is certainly potentially good and positive news.

However I do share Will's concerns that it could, in a worst case scenario, also drag our witnesses into the mire and neutralize them. and/or the Disclosure effort.

Didn't we do a similar "mating dance" with ABC a year or so ago, and then abandon it because it was being handled in a sensationalist manner by teenage staffers? I seem to remember calling witnesses to appear on this aborted effort.

Plus, let's not forget that it was ABC that accused you last year in an article on the Internet of heading up a "millenium cult" - I also remember talking to lawyers on your behalf on this issue.

These may all have been different departments, but it was still ABC.

At your request, in response to "dumbing-down" the website for the East Coast elite and connecting more of the dots, I added a clip a couple of weeks ago of Stephen Lovekin (no name) explaining how Ike was concerned about the whole thing - this clip plays under the video of of Ike's complete last speech, which I got from CBS.

In addition, there are brief clips in the Documentary trailer, which plays in full off the Website, of

Lovekin
Wojtecki
Donna Hare
MSMcD

The UPN KCOP Channel 13 piece, also on the Website, has full testimony, with graphics, from

Donna Hare and Graham Bethune.

And.....there is also the complete video clip of coverage of the CSETI Washington Press briefing from "Strange Universe", which features clips from

George Filer
James Mullaney

In addition, among the 80 odd video clips on the site are numerous other witness clips, including the full Sightings show that Chuck Sorrells did about the Edwards AFB incident, Lt. Col Charles Halt on the Bentwaters case, deathbed confessions of witnesses who had handled or seen ET bodies, a clip of Penniston talking about how he touched the ET craft that landed at Bentwaters AFB, a clip of Jack Pickett telling how he saw landed UFOs at McGill AFB,AND a clip of Gordon Cooper telling how he saw a UFO land at Edwards AFB, then take off,..... etc. etc.

Bottom line - I don't see giving them any more than we already have on the site - there is a plethora of material there.

As comedian George Burns once told a young comic when asked for advice - "Always take your wallet onstage with you."

Best

Tony
