> * FEATURE ARTICLE * Author Claims:

>

> JFK WAS SHOT TO PREVENT HIM FROM REVEALING TRUTH ABOUT
> UFOs!

>

>

> "Citizens of this Earth, we are not alone."

>

> With those dramatic words, President John F. Kennedy
> intended to inform the American public and the world at
> large that the U.S. government had made contact with aliens
> from deep space.

>

> But before he could deliver the speech on November 22,
> 1963, the beloved leader was cut down by an assassin's
> bullets.

>

> That is the astonishing claim of JFK researcher Professor
> Lawrence Merrick, author of an upcoming blockbuster book
> Killing the Messenger: The Death of JFK.

>

> "We now know the real reason why President Kennedy was
> assassinated," declared Prof. Merrick of Cambridge, Mass.

>

> "It appears that some individuals within our government
> were determined to maintain the secrecy surrounding
> captured UFOs -- and decided to silence the President
> before he could speak."

>

> Prof. Merrick says he began a search for the undelivered
> speech after learning the President's original handwritten
> notes had fallen into the hands of Texas Governor John

> Connally – who was riding in JFK's death car that fateful
> day in Dallas.

>

> "I was surprised to find that Kennedy handed Connally the
> speech, which was on note cards, to look at, shortly before
> the motorcade set off at 12:55 p.m.," said Prof. Merrick.

>

> The governor was badly wounded in the gun attack.

>

> "Connally was terrified for his own life," said the
> historian.

>

> "He paced the bloodstained index cards in a safety deposit
> box with orders to a trusted aide that the contents not be
> revealed until after his death."

>

> When Gov. Connally died in 1993, the aide removed the cards
> and held on to them.

>

> Last year, Prof. Merrick tracked down the aide, who passed
> the speech on with a guarantee of anonymity.

>

> Prof. Merrick was flabbergasted when he read the cards. He
> took them to five handwriting analysts, who agreed the
> speech was "95 percent certain" to be Kennedy's.

>

> Research reveals that just days before his trip to Dallas,
> JFK met with his predecessor President Dwight D.
> Eisenhower, notes Prof. Merrick.

>

> "I believe he was seeking advice on whether to go public
> with the facts about UFOs," Prof. Merrick said. "But other
> government insiders apparently felt the truth about UFOs
> would cause widespread panic. And they were willing to kill
> to keep the information secret.

>

> "I hope now President Clinton will give the speech that
> should have been delivered 36 years ago."

>

> Here is what the President would have said:

>

> My fellow Americans, people of the world, today we set
> forth on a journey into a new era. One age, the childhood
> of mankind, is ending and another age is about to begin.

>

> The journey of which I speak is full of unknowable
> challenges, but I believe that all our yesterdays, all the
> struggles of the past, have uniquely prepared our
> generation to prevail.

>

> Citizens of this Earth, we are not alone. God, in His
> infinite wisdom, has seen fit to populate His universe with
> other beings – intelligent creatures such as ourselves.

>

> How can I state this with such authority?

>

> In the year 1947 our military forces recovered from the dry
