Dr. Steven Greer
CSETI
[REDACTED]

Dear Dr. Greer,

Thank you for sharing your collection of sightings, documents, and other data about aliens and CSETI. You make some interesting assumptions, some of which may be worthy of a documentary, given enough specifics to back up your argument. Although I'm sure that the government is not above covering up such discoveries, I don't see a story here. It has no ending and I am still not entirely convinced about the existence of extraterrestrial intelligence. In any case, I hope your organization will continue to grow and catch the imagination of generations to come.

Sincerely yours,
