

UFO sighting over Castro Valley CA.

On the night of May 25, 1967 (at approximately 10:30 PM), Mr. [REDACTED] and his wife witnessed a strange UFO from their porch in Castro Valley California. The duration of the sighting was approximately four minutes. Noticing a bright flickering red light which was moving closer, Mr. [REDACTED] grabbed a pair of 8X30 binoculars. The craft measured approximately 50-60 feet in diameter, with a three foot hole located in the bottom center. A bright red flame which appeared to be 15-20 feet long was shooting down from the opening. The strange object did not exhibit any signs of noise, and hovered at an altitude of about 5,000 feet (only the bottom was visible). The primary witness stated that the flickering light from the flame illuminated the bottom surface of the UFO which appeared to be constructed of "heavy armor plated steel", and made use of multiple rivets (see original sketch). Dear Mr. 

My wife & I saw this object
from our front porch, about 10:00 PM,
the flame was a bright red,

No other color, ~~that's~~ what fooled
us. But the flame flickered & grew
larger. I got my 8x30 binoculars
& this is what I saw. Believe it
or not, I still don't, but I & wife
saw it.
