

BOSTON FLYING SAUCER

(SIGHTED AUGUST 15TH, 1966)

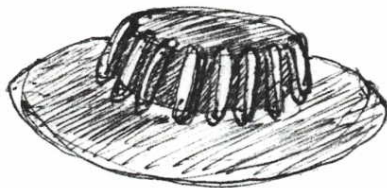

ONE ON THAT DESCRIPTION. ON TOP OF THE SILVER DOLLAR PLACE ONE (OR TWO) NICKELS. (THE MOST DIFFICULT TO RECALL IS THE EXACT PROPORTIONS OF PART TO PART AS EVERYTHING LASTED SUCH A SHORT TIME) AS THE SILVER DOLLAR HAS AN EDGE THAT MIGHT HAVE 6 GROOVES - THE OBJECT DIDN'T - BUT IT DID SEEM TO HAVE AN INCLINED EDGE RATHER THAN AN ABRUPT ONE; SUCH AS 1

THE OTHER MOST IMPORTANT - PROBABLY MORE IMPORTANT FEATURE WAS THE TWO NICKELS ON TOP, EVEN THOUGH THE OBJECT SEEMED TO BE MOVING VERY SLOWLY OR EVEN TO A HALT - THE NICKELS SEEMED TO BE MOVING AT A FASTER SPEED. THIS WAS SO NOTICEABLE BECAUSE WHERE THE SILVER DOLLAR HAD AN INCLINE TO ITS EDGE, THE NICKELS HAD VERY DEFINITE RIBBING FROM TOP OF NICKEL DOWN TO THE BOTTOM - EVEN SLIGHTLY OVERLAPPING THE TOP THUS,

IT WAS THESE SECTIONS THAT PICKED UP THE MOST LIGHT - THERE DIDN'T SEEM TO BE ANY LIGHT ON BOARD THE OBJECT. AND IT MAY BE THAT ONLY BECAUSE OF THIS RIBBING COULD I DETECT A MOVEMENT IN THAT CENTER SPHERE BUT NONE COULD BE DETECTED ON THE OTHER (OUTER) SECTION. I CAN'T REMEMBER WHETHER OR

① ADDITION INFORMATION

SPECIAL TRAINING ^{AND} OR MILITARY SERVICE:

I SPENT 3 YEARS IN THE ARMY SECURITY AGENCY IN 1954 '55 and '56. OUR WORK, HIGHLY SENSITIVE AND DEMANDING THE UTMOST SECRECY, ALSO NEEDED A GOOD DEAL OF EVALUATIONS THAT WERE BASED ON INFORMATION THAT WAS RECEIVED BY US, INTERPRETED BY US, AND JUDGED BY US, ON A VERY INDIVIDUAL LEVEL AT TIMES. AT THE TIME OF DISCHARGE I WAS GIVEN A LETTER BY OUR COMMANDER AND WAS GIVEN SEVERAL IN OUR COMPANY TO SHOW THE HIGH REGARD WASHINGTON PLACED ON OUR RELIABILITY. I'M CERTAIN THERE IS SOME CARRY OVER INTO CIVILIAN LIFE.

WETHER OR NOT PEOPLE BELIEVE THE SIGHTING WAS AS REPORTED - AND NOT A HALLUCINATION OR ATMOSPHERIC CONDITIONS ETC - IS OF NOT TOO MUCH CONCERN TO ME. I'LL KEEP LOOKING.

RY IN COLOR, FAIRLY
and SECTION REFLECTED

2

2 30 AM DARK CLEAR NIGHT ABOVE THE VERY LOW AND PASSING CLOUDS OR FOG. VERY LITTLE WIND, SO THAT WHERE THERE WAS AN OPENING IN THE CLOUDS IT WAS CLEAR AND DARK WITH STARS VISIBLE. HEIGHT OF CLOUDS WERE NOT MUCH HIGHER THAN THE PRUDENTIAL BLDG (52 STORIES) AS I COULD DETECT THE CEILING ~~ABOVE~~ OF THE CLOUDS JUST SLIGHTLY ABOVE THE WEATHER BEACON ON THE TOP OF THE BLDG.

8. I DONT MIND MY NAME BEING ASSOCIATED WITH THIS REPORT - BUT NOT WITH THE DRAWING OF THE OBJECT - (WHICH IS A FAR CRY FROM THE SIGHTING, BECAUSE ~~BE~~ THE MOVEMENT OF THE OBJECT THROUGH THE SKY WAS MUCH MORE BEWILDERING THAN THE SKETCH ON PAPER). I FOUND IT VERY DIFFICULT TO MAKE OR REMEMBER THE BEST PARTICULAR VIEW - AS THERE MAY HAVE BEEN ABOUT 40 SECONDS TO A MINUTE THAT THE OBJECT WAS ACTUALLY IN GOOD LIGHT.

SHAPE AND COLOR

ROUND TO OVAL - GRAY, DULLISH, SILVERY
DEPENDING ON IT REFLECTING
LIGHT.

1.9. WHEN FIRST SEEN IT WAS PROBABLY HALF WAY BETWEEN ME AND THE HORIZON COMING FROM THE EAST MOVING WEST, THE FIRST GLIMPSE WAS ONLY SHADOW-LIKE, OF A MOVING DARK SHAPE, WITH VAGUE OUTLINE, THAT SEEMED TO BE A BIRD AT FIRST BECAUSE OF THE STRANGE WAY IT WAS FLYING; — SORT OF SIDE TO SIDE GLIDES, TIPPING OR ROLLING — AS A WAVE LIKE MOTION —

BUT THEN ~~AS~~ AS IT MADE A CURVE TO THE N.W., JUST OVER MY HEAD — IT HEADED INTO A POCKET OF NO CLOUDS, AND IT HOVERED THERE — MAYBE 10-20 SECONDS — AND THEN THIS SAME STRANGE MANEUVERABILITY TOOK IT OUT OF SIGHT. (IN A N.W. DIRECTION) FROM THE TIME THAT IT MADE A CURVE IN ITS DIRECTION — UNTIL IT LEFT MY SIGHT, THE IMAGE ~~WAS~~ WAS VERY SHARP. FOR ABOUT A 20 SECOND PERIOD OF THE ENTIRE EPISODE — IT WAS VERY CLEAR AND DISTINCT STRUCTURALLY AS WELL — FOR THE VIEW THAT I HAD.

THE OBJECT

THE UNDERSIDE, FROM BEGINNING TO END REFLECTED NO LIGHT WHATSOEVER — (FOR THE ENTIRE SIGHTING)

HAVING ALREADY DESCRIBED TO MR. WEBB THE APPROXIMATE SIZE AS COMPARABLE TO A SILVER DOLLAR, I'LL GO

North 7-9434

REPORT ON UNIDENTIFIED FLYING OBJECT(S)

RECEIVED SEP 22 1966

This form includes questions asked by the United States Air Force and by other Armed Forces' investigating agencies, and additional questions to which answers are needed for full evaluation by NICAP.

After all the information has been fully studied, the conclusion of our Evaluation Panel will be published by NICAP in its regularly issued magazine or in another publication. Please try to answer as many questions as possible. Should you need additional room, please use another sheet of paper. Please print or typewrite. Your assistance is of great value and is genuinely appreciated. Thank you.

2. Date of Observation AUG. 15. 1966

Time 2 30 AM

PM

Time Zone

3. Locality of Observation INTOWN BOSTON

4. How long did you see the object? Hours 1-2 Minutes Seconds

5. Please describe weather conditions and the type of sky; i.e., bright daylight, nighttime, dusk, etc., extent of cloudiness
CLOUDS OR FOG VERY LOW - CEILING NOT MUCH HIGHER THAN PRUDENTIAL BLDG (50 STORIES)

6. Position of the Sun or Moon in relation to the object and to you? WITH LARGE POCKET OF CLEAR OBSERVATION
DIRECTLY ABOVE AND EXTENDING N.W.

7. If seen at night, twilight, or dawn, were the stars or moon visible? SOME

8. Were there more than one object? NO. If so, please tell how many, and draw a sketch of what you saw, indicating direction of movement, if any.
(use separate sheet of paper for sketch + attach)
What was shape + color of object(s)?

9. Please describe the object(s) in detail. For instance, did it (they) appear solid, or only as a source of light; was it revolving, etc? Please use additional sheets of paper, if necessary.

10. Was the object(s) brighter than the background of the sky? FOR ABOUT HALF THE VIEWING TIME

11. If so, compare the brightness with the Sun, Moon, headlights, etc. MUCH DULLER; IT WAS ONLY REFLECTING
LIGHT - NOT USING ANY ITSELF
(Please elaborate, if you can give details.)

12. Did the object(s) —

- a. Appear to stand still at any time? HOVERED, WITH ONLY SLIGHT MOVEMENT EXTERNALLY,
- b. Suddenly speed up and rush away at any time? NO BUT APPEARED TO REVOLVE IN CENTER
- c. Break up into parts or explode? NO
- d. Give off smoke? NO
- e. Leave any visible trail? NO
- f. Drop anything? NO
- g. Change brightness? YES; WITH ITS CHANGES OF TILTING, IT REFLECTED LIGHT OF CITY
- h. Change shape? — ONLY IN APPEARANCE - AS IT CHANGED DIRECTION - (SEE SHEET)
- i. Change color? — ONLY BRIGHTNESS AND DARKNESS, DEPENDING ON ANGLES OF REFLECTION TO LIGHTS

13. Did the object(s) at any time pass in front of, or behind of, anything? If so, please elaborate giving distance, size, etc, if possible.

14. Was there any wind? VERY SLIGHT If so, please give direction and speed. ?

15. Did you observe the object(s) through an optical instrument or other aid, windshield, windowpane, storm window, screening, etc? NO What?

16. Did the object(s) have any sound? NO What kind? How loud?

17. Please tell if the object(s) was (were) —

- a. Fuzzy or blurred. → ○ WHEN FIRST SIGHTED AGAINST CLOUDY SKY - NE,
 - b. Like a bright star. → *
 - c. Sharply outlined. → ○ IT WAS A VERY DARK SHAPE WINGING LIKE A BIRD
- VERY CLEAR STRUCTURALLY, HOVERED BETWEEN TWO LARGE CLOUD MASSES - NOT TOO MUCH HIGHER THAN PRUDENTIAL BLDG (OR NOT AT ALL HIGHER THAN PATH OF INCOMING PLANES)

18. Was the object —

- a. Self-luminous?
b. Dull finish?
c. Reflecting?
d. Transparent?
- IT SEEMED A METALLIC FINISH, SILVERY IN COLOR, FAIRLY POLISHED MATERIAL; THE APPARENTLY REVOLVING SECTION REFLECTED LIGHT WITH MUCH GREATER DETAIL THAN THE REST OF THE OBJECT.

19. Did the object(s) rise or fall while in motion? NOT WITH ANY EXTREME MOTION, BUT WITH A SWINGING OR DIAGONAL MOVEMENTS.

20. Tell the apparent size of the object(s) when compared with the following held at arm's length:

- a. Pinhead
b. Pea
c. Dime
d. Nickel
e. Half dollar
f. Silver dollar
g. Orange
h. Grapefruit
i. Larger

Or, if easier, give apparent size in inches on a ruler held at arm's length.

21. How did you happen to notice the object(s)? IVE JUST STARTED AN INTEREST IN ASTRONOMY WITH ONLY A SECONDARY INTEREST IN THE REPORTS OF SAUCERS BEING FACTUAL.
22. Where were you and what were you doing at the time? ON ROOF 3RD FLOOR, TRYING TO IDENTIFY CONSTELLATIONS, STARS, ETC.

23. How did the object(s) disappear from view? THE SAME WAY IT ARRIVED — IN A SORT OF SWINGING FROM SIDE TO SIDE MOTION — AS IF IT WERE RIDING A SWING —

24. Compare the speed of the object(s) with a piston or jet aircraft at the same apparent altitude. SLOWER AT FIRST — MAYBE NOT MUCH FASTER THAN BIRDS IN FLIGHT — THEN ALMOST A COMPLETE HALT.

25. Were there any conventional aircraft in the location at the time or immediately afterwards? If so, please elaborate. AIRLINE STRIKE IN BOSTON AT THE TIME;

26. Please estimate the distance of the object(s). ANY WHERE FROM 20 — 50 STORIES AWAY

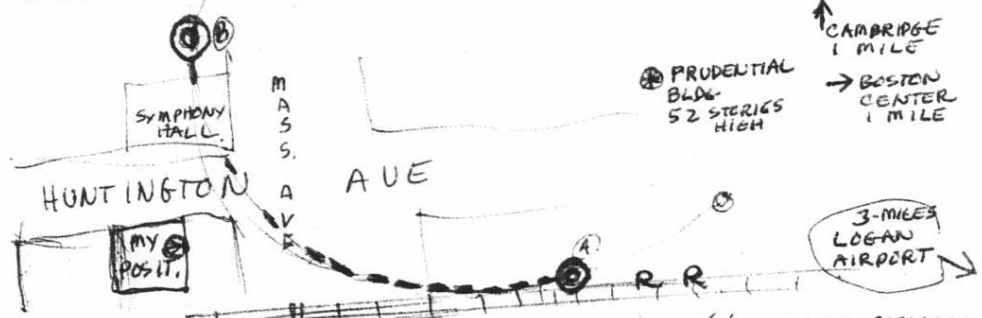

27. What was the elevation of the object(s) in the sky? Please mark on this hemisphere sketch:

28. Names and addresses of other witnesses, if any.

29. Please draw a map of the locality of the observation showing North; your position; the direction from which the object(s) appeared and disappeared from view; the direction of its course over the area; roads, towns, villages, railroads, and other landmarks within a mile.

A - FIRST SIGHTED
B - HOVERED

30. Is there an airport, military, governmental, or research installation in the area? YES, LOGAN INT'L AIRPORT, NASA RESEARCH AND SOME GOVT AIRPORTS AS WELL.

31. Have you seen other objects of an unidentified nature? If so, please describe these observations, using a separate sheet of paper. THERE HAVE BEEN TWO OTHERS; BOTH NOWHERE NEAR THE POSITIVE NATURE OF THIS ONE

32. Please enclose photographs, motion pictures, news clippings, notes of radio or television programs (include time, station and date, if possible) regarding this or similar observations, or any other background material. We will return the material to you.

33. Were you interrogated by Air Force investigators? By any other federal, state, county, or local officials? If so, please state the name and rank or title of the agent, his office, and details as to where and when the questioning took place.

Were you asked or told not to reveal or discuss the incident? If so, were any reasons or official orders mentioned? Please elaborate carefully.

34. We should like permission to quote your name in connection with this report. This action will encourage other responsible citizens to report similar observations to NICAP. However, if you prefer, we will keep your name confidential. Please note your choice by checking the proper statement below. In any case, please fill in all parts of the form, for our own confidential files. Thank you for your cooperation.

You may use my name. ()

Please keep my name confidential. ()

(BUT DON'T ASSOCIATE MY NAME WITH THAT DRAWING OF THE OBJECT. ITS A TERRIBLE BIT OF WORK.)

35. Date of filling out this report:

SEPT 6 1966

Signature:

Aug. 21, 1966.

Dear [REDACTED]

Since it would be impossible to answer your questions in the space provided on the form, I will add my comments on this sheet.

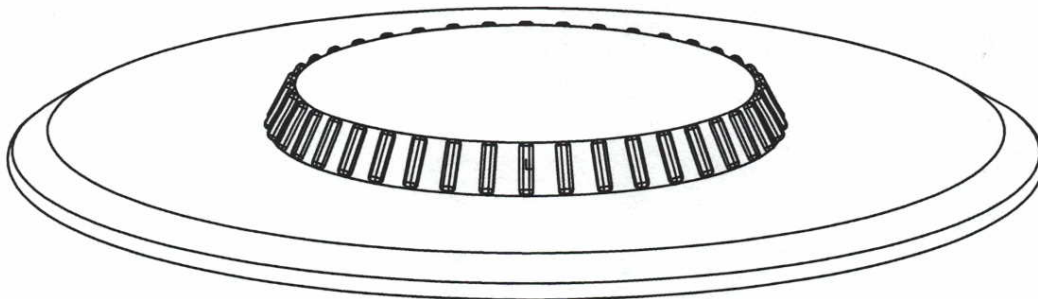

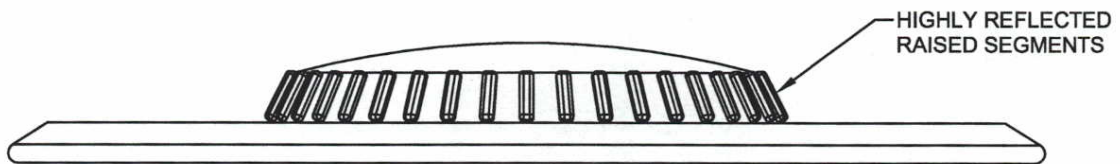

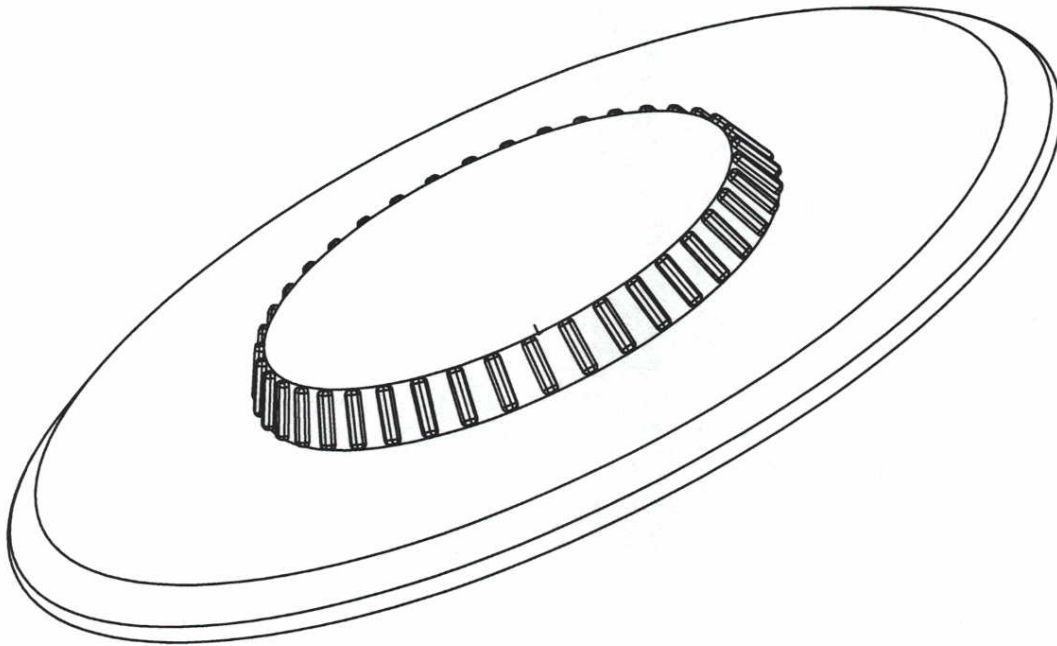

On May 25, 1967, my wife and I were on the porch saying good-bye to some friends about 10.30 at night. The sky was clear but the moon was not in sight. The airplanes, jets, etc. always fly over the house, so as a rule we ignore the lights of the planes, but on this night, my wife noticed the bright red light flickering and getting larger and brighter, so thinking it was a plane on fire, I ran into the house and got my 8x50 binoculars. I saw only the bottom of the ship which was round and disk-like and about 50-60 feet in diameter, with a hole in the bottom about 3-4 feet round. A bright red flame that appeared to be about 15 -20 feet long, was shooting downward out of the opening in the center of the bottom of the craft.

There was no noise that could be heard on the ground, and the craft seemed to be coming to a stop as it hovered at an estimated 5000 feet. the flame seemed to withdraw into the hole in the underside and as it did, before I could blink my eyes, the craft appeared to zig-zag out of sight.

The bottom of the craft, which I could see very clearly looked as if it was made of heavy steel and was heavily riveted not smooth like on a jet. The body was not luminous, but the flame was reflected on the under side of the craft making it clearly visible.

BOSTON FLYING SAUCER

(SIGHTED AUGUST 15TH, 1966)

5

IT WAS REVOLVING CLOCKWISE OR NOT. I THINK
IT WAS COUNTERCLOCKWISE.

3. IT NEITHER PASSED IN FRONT OF OR IN BACK OF
ANYTHING, ONE THING OF COMPARABLE SIZE THOUGH -
IT OVERLAPPED A PATH USED FOR SOME INCOMING AIR-
LINES - 2-4 ENGINE CRAFT - AND IT USED JUST THE
SAME HEIGHT, MAYBE SLIGHTLY LOWER, I WOULD
ESTIMATE IT TO BE ABOUT ~~THE~~ ONE THIRD THE
LENGTH MAYBE EVEN ONE FOURTH THE LENGTH OF THESE
LARGE TRANSPORTS; PERHAPS TWICE THE SIZE OF
THE SMALL HELICOPTERS THAT FLY AROUND BOSTON
DURING THE RUSH HOURS.

A
