INTERNATIONAL UFO REPORTER
TO: THE EDITOR IN CHIEF
MR. J. A. HYNK,

I AM ONE OF YOUR I.U.R. MAGAZINE
AVID READERS, & SINCE YOUR ISSUE OF OCT. 1977
WHERE YOU ASK IF THERE WAS ANYTHING WE WANTED TO
TELL, WE COULD SEND IT TO YOUR ATTENTION.
THANK YOU FOR GIVING US THIS OPPORTUNITY.

IN THE REPORTS THAT FOLLOWS I AM NOT
GOING TO MENTION ANY NAMES SINCE THE PARTIES
INVOLVED HOLD OUTSTANDING POSITIONS IN THIS
COMMUNITY; IN ANY EVENT, I AM GOING TO CALL
ONE OF MY COLLEAGUES BY THE NAME OF GEORGE.

THE INCIDENT HAPPENED ON MAY 22, 1974.
GEORGE & THREE OF HIS FRIENDS AT AROUND THIS
TIME, GO TO "WELCOME LAKE" IN THE ALGONQUIN PARK
DISTRICT - ONTARIO - CANADA FOR THEIR YEARLY FISHING
TRIP (BY THE WAY, SIZE OF THIS LAKE IS 1 MILE X 2 MILE LONG).
AFTER ARRIVING, PITCHED THEIR TENT & WENT FISHING,
ON THE WAY BACK TO SHORE, UNLOADED CANOE &
STARTED THE FIRE FOR A BARBECUED SUPPER.
IT WAS ALMOST 6 O'CLOCK, MY FOUR FRIENDS
WERE STANDING AROUND THE FIRE WHEN AT A
DISTANCE THEY SAW A BRIGHT LIGHT. THEY THOUGHT
THIS WAS FUNNY SINCE AIRPLANES OR HELICOPTERS
ARE NOT ALLOWED, BEING THIS A RESTRICTED AREA.

3
PULSATING LIGHTS FOR 2 TO 3 MINUTES,
AFTER WHICH TIME THE OBJECT SHOOT BACK
NORTH, WHERE IT CAME FROM & DISAPPEARS
IN A MATTER OF SECONDS -

NO PICTURES ~~WERE~~ WERE TAKEN. THEY
DID NOT HAVE A CAMERA, FOR THE SIMPLE
REASON THEY'VE BEEN THERE SO MANY TIMES.

DR. HYNEK, IN FUTURE ISSUES OF I.U.R.
COULD YOU TELL YOUR READERS IF YOU EVER
HEARD OF SUCH AN ACCOUNT OR SEEN A
SKETCH OF A SIMILAR OBJECT.

RESPECTFULLY ONE OF YOUR INTERESTED
READERS & ADMIRER

S. J. H.

THE LIGHT WAS COMING FROM THE NORTH & THE "THING" WAS APPROACHING RAPIDLY.

THE LIGHTS ARE NOW GETTING CLOSER THAN EVER, IT'S JUST AFTER SUNSET, THEY ALL CAN SEE A DEFINITE SILHOUETTE, FINALLY THE OBJECT COMES TO AN ABRUPT STOP (SEE ENCLOSED SKETCH) ON THE OPPOSITE SIDE OF THE SHORE WHERE MY FRIENDS ARE STANDING.

THE DISTANCE BETWEEN THE 4 MEN & THE OBJECT IS PLUS OR MINUS ONE MILE & ABOUT 1200 FT. ABOVE LAKE LEVEL. THE SILHOUETTE STAYS THERE MOTIONLESS & NOISELESS.

THEY CAN SEE THE FLICKERING PULSATING LIGHTS ON THE SURFACE OF THE WATER AS THEY CHANGE COLORS FROM RED, GREEN & YELLOW TO RED, GREEN & YELLOW OVER & OVER AGAIN.

AFTER 20 MINUTES OF THIS BRIGHT & COLORFUL SHOW & IT'S DARK BY NOW, BUT GEORGE CANNOT REALLY TELL ME WHETHER THE LIGHTS GO OFF OR THE OBJECT DISAPPEARS TEMPORARILY, BECAUSE ALMOST SIMULTANEOUSLY A VERY STRONG LIGHT OR GLOW APPEARS ON THE GROUND ALMOST UNDER WHERE THE OBJECT FIRST STOOD.

THIS BIG GLOW STAYS ON FOR ABOUT 8 TO 10 MINUTES THEN GOES OFF & THE OBJECT, WITH PULSATING LIGHTS & ALL THE REST OF THE LIGHTS, REAPPEARS AT SAME DISTANCE & HEIGHT DESCRIBED ABOVE.
