

Inouye was instrumental along with Senators Reid and Stevens in appropriating the \$22 mil in 2007. He had direct conversations with JFK concerning UFOs back in the day. He told me directly in 2001 in his office on Capitol Hill that everything discussed by the DP witnesses in May was real and largely accurate. I would love to tell the story as I don't think it's ever been told outside brief mention in the Wesleyan Argus my college newspaper. The Pentagon discontinued the program in 2012 when Inouye died and then it morphed into the whole Bigelow fiasco sideshow you are very familiar with. I think that was the last legal action taken by anyone with authority in Congress up until the current people pushing the threat narrative and the elected reps without any historical understanding:
