Dear Steven,

What follows is a message from Leslie Bean, wife of astronaut [REDACTED] 4th man on the moon (he does NOT believe in UFOs). The [REDACTED] is actor [REDACTED]. An interesting FYI.

Dear [REDACTED],

Amazing. Regarding these people, here is what is in the works...perhaps they will be a part, perhaps not.

[REDACTED] and [REDACTED] have been doing screenplay work regarding spiritual stories. Also, there is [REDACTED] life story and her books that can become very interesting movies. Cathy has often mentioned Tom Hanks as a distant cousin, I believe, and we have speculated if that distant connection would ever be used.

Second, there is Steven Greer and his CSETI group. He has 125 current and ex-military, contractor, and government employees that will come forward and tell what they know about the UFO ET subject. These are not lights in the sky subjects, but they involve every aspect of UFO and ET retrieval, back engineering of UFO craft, black operations with this technology, and contact with ETs dead and alive. the information goes back through the Eisenhower admin. to the present.

They will testify as a group with an annulment of their secrecy oath given

by the president or through the functioning of an open congressional hearing. Without those assurances, a lesser number would be willing to participate in a full production video-movie with their testimony and the proper recreation of events for world wide release.

Ted Turner has been mentioned and Steven Greer is trying to find a proper way to get his attention. So...if you think of it, perhaps you might get his business card or a direct way to contact him? If it is to happen, it will occur very easily. We can take the ball from there.

All for now. You do get around, don't you?!

Love,

 >

Re: also...

I failed to mention that [REDACTED] is a very close friend, and an intergral part of the work we do. She and Judy will be staying at our house when Judy comes up to lecture and give readings the 1st weekend of April.

Leslie wants to participate in the field trip with the other CSETI members. In addition, and perhaps the prime reason that Leslie is coming, is to be a part of a very small group that Judy will take to the other side sometime during her visit.

We would love for you and anyone else from your family to come. Perhaps we could get O'Brien to drop in as well.
