Greetings, Dr. Greer:

[REDACTED] and it refers to excerpts [REDACTED]
Harris also did an interview with him. I also believe [REDACTED] knows him.
I read his story years ago myself, but didn't realize it at the time I
sent you the item.

Also, I found another military witness that you may not have. His name is [REDACTED] and he was interviewed by [REDACTED] on [REDACTED]

Wednesday, July 03, 2002 CompuServe: 

"I sent the Dr. a video tape with over 60 daylight ufo's on it, I have been told it's the best footage they had ever seen..." It is the last one in the sequence of them I have appended below.

I hope this is helpful, and that this is not old or redundant information you already have about Mr. [REDACTED].

On a different topic, I am still pushing hard to get the attention of Canadian Opposition Leader, Mr. [REDACTED] on your behalf, and as late as two weeks ago spoke with his scheduling secretary. She asked for more information, which I sent. I followed up last week with her and still haven't received a reply. I will try again in the upcoming week.

I am also involved in another separate issue involving [REDACTED] and threats made against two [REDACTED] researchers here in [REDACTED] in January of 2000 that I have brought to the attention of Detective [REDACTED] of the Royal Canadian Mounted Police's (RCMP's) National Security Investigations Section (NSIS), with whom I had a two-hour interview almost two week ago. Their stories are [REDACTED] Det. [REDACTED] is presently looking into the allegations I presented him with. I also provided him a copy of the two-hour Disclosure Project witness tape and fifty-four page Disclosure Project Executive Summary he is currently reviewing.

When I gave them my testimony I told them I was taken, I also told them what Military Installation I was at and reported my situation to the Sgt. of the Guard who threatend me if I didn't keep my mouth shut and actually told me that he and others had also seen them out there, after the threat I told him to log it right then in front of me and he did, I felt good about it then and still do today. If some people are not comfortable with what has happend to them they should go straight to the Govt. for answers, [REDACTED]
