Emily

I arranged for Steven to get the UTMATE POWERFUL TESTIMONY here
Col Philip corso's son in Port St lucie Florida. Here is the e-mail and tel
Numbers because you are precise with your work, keep this. Now Maurizio had
called them and bad mouthed me this week saying he brought Greer to Rome.
calling me a "nobody". The Corso family paid my way to see them this summer
to thank me for caring for their DAD the COLONEL when he was in Italy. They
took me to the Kennedy space center and showed me the Colonel's unfinished
material and asked me to assist them. This is my answer to them about the
insanity of the situation with Maurizio and then CASE CLOSED!
Please save hard copy of Address and Phone for your precise files!
Phil Jr builds custom planes so you have hanger number too!

Answer*****

Hi you Guys!

No. He is Dr. Steven Greer, an emergency room doctor who lives in Aston
Virginia with 4 daughters who is doing some powerful work in this field.
Harris/ greer was photo. I was in it and I arranged his Italian filming
schedule so He got 10 witnesses scheduled bu me and I contacted Maurizio as
1 ufologist here. NEVER AGAIN!

Maurizio did not get him any witnesses but dragged him on TV to sell HIS
MAGAZINE..only and did not think I should accompany Greer even to dinner at
night. He was highly incorrect and after denying you all the real money he
made...my life and my work with him is FINISHED!!!

I brought Dr. Greer to the home of my friend Vatican representative
Monsignor Padre Balducci (read my story this month on him in UFO magazine
please) and see how the dialogue of the Church is opening up concerning this
phenomena. The good PADRE blessed Greer and called it a "mission" that which
is important for us all, my friends. It is not just about money....money can
be outcome, not the intention on a "spiritual realm"

So [REDACTED] and [REDACTED] you see I am not a "little ufologist" but a selected
LIGHT WORKER and Your DAD saw that!
