

THE
CARTER CENTER

October 29, 2007

Dear Dr. Greer,

Thank you for your letter requesting to meet with President Carter. Although he appreciates your thinking of him, he is unable to accept your offer.

President Carter's schedule is completely full with The Carter Center's work and personal obligations, and it is not possible for him to add further commitments to his calendar at this time. Although I must regret his acceptance, President Carter sends his best wishes.

Sincerely,

Director of Scheduling

Dr. Steven M. Greer
