Hi [REDACTED]
[REDACTED] seems to be on the level. He called me! He was an E-3 Seaman, [REDACTED] Mate on ship 304 of the USS Atlanta, with Secret Clearance for weapons testing off the coast of Hawaii, then two tours in Vietnam from 1965-1967, disabled combat veteran. He can fax you a copy of his dd214, (I couldn't find a fax number, but said I would contact [REDACTED] and try to get it for him, if possible.) He was very straight-forward and stayed on track on the phone.

The event he is referring to happened in 1950, when he and three other friends were playing near the Andaconda Smelter Stack in Great Falls, Montana. Two UFOs came from the north toward the west at about five to six mph and appeared to be interested in the smelter stack, which processed all sorts of dross, gold and other trace metals. The craft were shaped like two eggs laid end to end, and were about 80 to 90 feet tall and 110 to 120 feet long, no noise, no windows, absolutely silent. They cruised along the west side of the General Motors Building then disappeared in the southeast quadrant.

Two friends, [REDACTED], were killed in a 1960 car crash. He has been attempting to contact Earl Bailey with no success. [REDACTED] works for the Tennessee Valley Authority, and is unwilling to come forward. One friend, [REDACTED] is willing to corroborate the event, which he filmed with a 16mm camera at the time. He did say that about 35 frames were confiscated by the government, but that images of the craft themselves are still there. Paul said he posted these on the internet under a link to the Andaconda Stack, Great Falls, MT, so I'll do a Google search to see what comes up.

Paul is open to being filmed, and said that Jerry most likely would be as well. Although he doesn't seem to have direct knowledge of working energy devices, other than what he's read on the internet, he knows the suppression is real, and seems eager for the truth to come out.

Hope I did OK on my first try.

Thanks much, [REDACTED]
I did explain to you that I am "[REDACTED]" and just use that when answering website mail so that folks don't think they have a hotline to Steve.
I'm trying not to make that public knowledge.

Hi [REDACTED]

I just sent a response to introduce myself and ask him what time is most convenient for him.

Hi Janet,

I just copied you on the note below as this seems to be someone to follow up with.

I have no idea what he has as he did not explain.

Please just let me know what he says.

Thanks

[REDACTED]

Dear [REDACTED]

I am copying [REDACTED] on this note. She has worked with Dr. Greer for years and is helping him now as a volunteer research assistant to follow up with people who write in. Dr. Greer is traveling extensively and does not have time to make these preliminary calls himself. She will give you a call.

Thank you so much for coming forward.

Sincerely,

[REDACTED] for CSETI
