Dear Ms. Price:

I am writing to you in response to this article (see enclosure A-2, pages 180-187) titled-

"The Big Sur 'UFO',
An Identified Flying Object",

by "[REDACTED]",

which appeared in the "Winter 1993" issue of the "SKEPTICAL INQUIRER".

As you can see (see enclosure A-1) a xerox copy of this article was sent to me on "16 DEC 1992" by-

[REDACTED]
[REDACTED]
[REDACTED]".

I received the article on "12/19/92".

I note that in the article it is ([REDACTED]) stated-

"I was the project engineer for the telescope experiment, and Lieutenant B [REDACTED] was one of the key field team members who, it later developed, was technically not authorized to view the pictures we were collecting. Bob was

named the on-site commander by the 1369th Photo Squadron and managed the logistics of the operation at the Big Sur location. Years later, for reasons I can't fathom, Bob claims we witnessed an intelligent UFO in action around an Atlas warhead, followed by an Air Force cover-up. He provides details of his weird claims in an article for the MUFON UFO Journal (Jacobs 1989). What we saw was indeed unique and startling, but it definitely does not require invoking UFOs with purposeful goals and advanced weapons."

Ms. [REDACTED] evidently [REDACTED] was not aware of the testimony of M. [REDACTED] N regarding the alleged UFO/ATLAS film footage encounter, which (our correspondence and records) I have enclosed in L-1 through L-19.

With regard to the alleged UFO/ATLAS encounter film footage Dr. MANSMANN states in a letter to me (see enclosure L-3, dated "1-30-1983")-

"The Enquirer story is true except the year was 1964 not 1965."

Testing [REDACTED] integrity, I asked an Engineer/Physicist friend ([REDACTED] S) of mine then employed at Aerojet ElectroSystems in Azusa CA, to also write to [REDACTED] to see if he (Dr. MANSMANN) would tell PETER the same story. Here (see enclosure L-4, dated "March 8 1983") is the letter from Dr. MANSMANN to "Peter Bons" wherein [REDACTED] N states-

"First the Enquirer story was true except the date was 1964. I was in Vietnam in '65. Telescopic photography of that magnitude makes sizes undeterminable, we knew the missile size but could not compare since we did not know how far away from the missile the 'object' was at the time of beam release. Maneuverability was also at question for the same reason. Propulsion was plasma like but not probable. In such gravity plasma induced speed and maneuverability would not seem possible. From clarity, action and situation in the film, the assumption was, at that time extraterrestrial. Details would be sketchy and from memory, the shape was classic disc, the center seemed to be a raised bubble, not sure any ports or slits could be seen but was stationary, or moving slightly-floating-over the entire lower saucer shape which was glowing and 'seemed' to be rotating slowly."

Of the film footage itself [REDACTED] states (see enclosure L-5, dated "3-10-83")-

"2. I don't know when Lookout Mt. analyzed the film because the original was rushed East on a special aircraft when we released it. The year was 1964".

If I might reiterate the statement by [REDACTED] N- "...when we released it". Thus, M [REDACTED] with a "TOP SECRET" clearance (see enclosure L-19) was above [REDACTED] both in rank and classification status. Mr. GEORGE indicates that he did not have a "Top Secret clearance until after he saw the filme (see enclosure A-2, page 185)-

"The reaction was startling! Soon after the first showing to the director of operations, all the top brass at Vandenberg had seen it and a copy was being made to fly to HQ Strategic Air Command at Omaha. The classification was quickly changed from Secret to Top Secret. Buzzing Bee had opened an entirely new chapter in ICBM tactical thinking."

Because of the obvious difference between Dr. [REDACTED] story and that of [REDACTED], and the fact that it has taken [REDACTED] 9 years to come forward, I have little faith that M [REDACTED] is telling the truth, and this may be another one of those AFOSI cover-ups. I have written Mr. GEORGE a letter (see enclosure B, dated "23 December 1992") about this.

However, to give him the benefit of the doubt-

1. [REDACTED], under the Freedom of Information Act (5 U.S.C. 552) I respectfully request a copy of that record that authenticates M [REDACTED]'s story (see enclosure A-2) and repudiates D [REDACTED]'s statements (see enclosure L-1 through L-19).

In the above I said "one of those AFOSI cover-ups; Mr. GEORGE Sir, permit to demonstrate to you that the AFOSI does lie and cover things up. Here is a letter (see enclosure C-1, dated "16 Sep 1987") to me from my friend Mr. JOHN ANDREWS wherein he ([REDACTED] states of "[REDACTED]-

"Hennessey said, 'I won't lie to you.' But ... his comment about his not knowing anything about UFOs was already a lie. He professed to not even know what NICAP was. I think, basically, he is an alright guy, doing his job, in a governmental system so filled with liars that that kind of conduct is now a given."

Mr. GEORGE Sir, if you are sincere in seeking the truth, with this letter, I give you my permission to accession my DIS file #86139-DK1-3414-1W1 wherein you will find a letter which indicates that C [REDACTED] had knowledge of my UFO letters to the USAF prior to the time that he met with [REDACTED] S-

2. M [REDACTED] f M [REDACTED] makes a Freedom of Information Act Request (5 U.S.C 552 & 552a) for my DIS file #86139-DK1-3414-1W1, I respectfully request that you supply

him with a copy of same, including the nine unblanked pages that you have blanked out so that I may not read them.

M [REDACTED], as you can see (see enclosure D-3, dated "30 JAN 1987") it is "[REDACTED]" that has been withholding this information from me; a direct violation of the law!

Further, after I had established a correspondence with [REDACTED], [REDACTED] approached me and asked me to contact [REDACTED] for the express purpose of interviewing him about the alleged UFO/ATLAS film footage. [REDACTED] agreed to be interviewed, and [REDACTED] A, Mr. WILLIAM L. MOORE and myself were invited to [REDACTED] S home for the interview. In that interview he ([REDACTED] N) reiterated what he had stated to me and [REDACTED] S, to [REDACTED] in my presence; ergo a copy of this letter to M [REDACTED] should he recant Mr. MANSMANN's testimony.

I do this, because since that interview, [REDACTED]. [REDACTED] as claimed to my wife and I to be a Controlled Government Informant functioning for the AFOSI.

3. [REDACTED] under the Freedom of Information Act (5 U.S.C. 552 & 552a) I respectfully request a copy of that record that permits [REDACTED] to function/operate as a Controlled Government Informant and distribute (for them, the AFOSI) fake/forged information; i. e., the BRIEFING DOCUMENT: OPERATION MAJESTIC 12; i. e., if that document is not authentic.

Thank you for your time [REDACTED]

Sincerely,

[REDACTED]
