Dear [REDACTED]:

We have finally found an opportunity to publish the details of your 1951 sighting. I am enclosing the two issues of our newsletter in which the account appears. If, in reviewing the account, you find any errors, please let me know so that we can run a correction. I have tried to play the story straightforwardly, without any journalistic embellishments, as I said I would. I hope it meets with your approval.

As you know, we have located Fred Kingdon and secured his agreement to supply us information on his own part in the sighting. We were very pleased to hear from him, and we appreciate your help in finding him.

By the way, I don't believe we have received the forms you and Mrs. Bethune were going to fill out for us on the Detroit sighting. Did you send them in?

Again, our appreciation for your kind cooperation during the past months, and for your hospitality during my visit. I will let you know if we get any reaction to the sighting account.

One more thing: Do you have any contacts at Willow Grove NAS who might be able to check on possible Navy knowledge of a sighting that took place over the Station in 1966?
