

23 July 1985

Dr. [REDACTED] Ph. D.

Dear [REDACTED]

Sir, I have enclosed in A(not in order), a copy of your records for Vandenberg, AFB, that I received from [REDACTED] SSgt, USAF.

As you can see(See A, arrow, underlined), they clearly indicate that the "Image Orthicon tracking system" existed at "Big Sur", and that you were in charge of this system.

May I say, that you are to be commended for such a fine service record!

Armed with a copy of your records, I sent letter(See B), to [REDACTED] Major General, USAF, Vandenberg Air Force Base. As you can see (See B2, arrow, underlined), same old story.

I also sent letter(See C) to Ms. [REDACTED], Records Management Branch, USAF, and was heartened by response(See C2, arrow), but then came response(See C3).

I have received permission from [REDACTED] (See D5) to accession his records, while at Vandenberg, AFB. I have sent for them and registered my displeasure with Eicher(See D6) for the turn of events.

I understand that the Marcel story is to come out on HBO television in the fall of this year.

I have been able to acquire(See E) a newspaper article of a- "Top Secret Project" headed up in July of 1947, at Sandia Base, by Brig. Gen. [REDACTED] [REDACTED] was one of the- "Majestic-12" (See my letter of 11 May 1985, paragraph #6). Sandia Base(now Kirtland, AFB, New Mexico) is where the main body of the crashed Flying Saucer(smaller pieces to Wright-Patterson) was supposed to have been taken.

Coincidence(?), it just so happens that Sandia is attempting to develop a plasma like SDI system(See F, arrow, underlined) to shoot down ICBM's. Do you suppose the Aliens are downfeeding technical information to us, to prevent the threat of a nuclear war?

I have enclosed(See G) Bill Moore's latest paper on the- "Roswell Incident".

Nothing else new here.

Most Sincerely

[REDACTED]
