Sir:

We have no record of a Brigadier General [REDACTED] having been a member of the Washington Army National Guard. However, I have found mention of him being affiliated with the North Carolina Army National Guard in some fashion at <http://www.virtuallystrange.net/ufo/updates/2006/feb/m26-003.shtml>.

Good luck.

Subject: Brig. G [REDACTED]

I am a friend and colleague of former Brigadier General [REDACTED], who was with your JAG unit. He is very ill and we are putting together an historical/biographical summary for him. Can you confirm for me the date he was made Brigadier General with the Washington State Army National Guard and who his commanding officer (CO) was? He believes it was 1997 and that the CO was a Lt. Gen. with a first name of Richard, who worked with Boeing, but he is unsure.

I appreciate your help.

Sincerely,

Steven M. Greer MD
