Paul Gilman from Senator [REDACTED] office returned my call. I asked him if he had any knowledge of the purported cash of an "atomic ship" under the control of the US Government in the Dulce, New Mexico area. [REDACTED] stated that he had had contact with a gentleman from the Albuquerque, New Mexico area concerning this purported incident. However, this was only to assist the gentleman as to what agency he should report the purported incident to. It was suggested that he report it to the New Mexico Environmental Improvement Agency. I asked [REDACTED] if this gentleman in question was in fact a Mr. Paul Bennewitz. [REDACTED] stated, "Yes, it was."

I asked [REDACTED] if he was aware of a Purported document that was purported to have been released as a result of the FOIA concerning such projects as Project Snowbird. [REDACTED] stated that he believed Mr. [REDACTED] had sent him a copy of a document that had been stamped, TOP SECRET and that it did mention something about a Project Snowbird. However, all documents were returned to Mr. Bennewitz and Senator Domenici Office did not retain any.

I thanked Mr. Gilman for his time and trouble in answering my questions.
