27 January 1997

Dear

We have undertaken a most ambitious project to construct a UFO Museum and University here in Tucson, the home of APRO (Aerial Phenomena UFO Research Organization), the oldest and largest such organization in the early history of this phenomenon. As envisioned, this would be the largest such facility in the world. This Museum and University would have ample secure rooms for the preservation of valuable life's work collections by many of the world's leading UFO researchers.

As envisioned now, these facilities would also include office space and telephones for the invited researchers and collectors to move here with their collections and live in adjacent facilities so as to be able to continue their work here and to maintain and update their collections themselves. This would in effect become the only "UFO College" in the world, and the invited researchers would become advisors and even staff of the college.

We are fully aware of all the great losses up to now, and we hope to avoid any repetition of this in the future.

We are therefore inviting you to join us in this great undertaking at such time as we have completed the buildings and facilities and can bring the UFO Museum and University into being. This is not open to everyone, but only to those experts selected by our board.

We ask you to read the enclosed information very carefully and decide if you like this idea and would join us when the facilities are ready. We ask for nothing now but your tentative non-binding commitment for some time in the future. We need this for our planning staff as soon as possible. It at all possible we would also like an estimate of the square feet of floorspace you might require for your collections, files and operating office in the facility. We intend to provide very reasonable living accommodations on the grounds of the Museum, or adjacent to it, for our contributors, faculty and staff.

We already have the collections of APRO, The Foundation for UFO Research,

[REDACTED] and others, and would like to add

you to our list.

Please keep this invitational package in a safe place, with your records, and send us the filled-out second copy of the tentative agreement form, or any copy of the tentative agreement form, so that we may include you in our planning.

Remember, this is not a binding agreement and that you never lose ownership of your valuable contributions.

Respectfully,
