Dear John,

In ongoing requests for our Skype talk to discuss Disclosure and the difference between our contiguous universe nonviolent obedient ETI and the celestials of this universe, and because Hillary and Bill Clinton were intimates of Laurance Rockefeller who had an avid interest in ETI, I direct your attention to Scott Jones, PhD.

In Scott's book Voices From the Cosmos, he describes himself as an octogenarian in full karmic payback made following 30 years in the military, half in combat arms and half in intelligence.

He references you in his ETI matter, as well as the Catholic Church.

Disclosure is now top priority for ETI itself in protection of the people.

Thank you for giving me 3 dates and times when you are available to Skype with Terri Mansfield and me about Disclosure and ETI.

Best regards,

Edgar
