1. Admiral: Enclosures (1) and (2) are provided for background reading as requested several months ago when we met informally on the above topic. A summary of enclosure (1) has already been briefed to the White House Chief of Staff, the President's Science Advisor, ~~SECRET~~ the British MOD, members of various intelligence agencies, and selected domestic and international business and political leaders. It is anticipated that the final Briefing Document will be briefed to the President within the next quarter.

2. The advanced planning scenarios commissioned by the U.S. Coast Guard in enclosure (2) relate to this topic specifically on pages 293 and 333 (tabs).

3. Dr. Greer, CSETI International Director, has extended an offer to meet with you for informal discussions/briefing should you desire additional information on this topic, CSETI's goals, ongoing significant breakthroughs, and international accomplishments.

Very respectfully,
