[REDACTED] Fwd: Roswell

Mr. Greer

My grandmother, [REDACTED] of Roswell, NM who is now deceased, worked at the Air Force base in Roswell during the alien autopsy; she was convinced there are aliens. I found in a book belonging to her a photo of the alien autopsy. I would like to interview Mr. Steven Green, as I would like to put together a documentary on the history and other matters related to alien encounters and possibilities.

Sincerely

Dear Mrs. Greer:

Source of Photo

My grandmother's name was [REDACTED] My grandfather Marshall Anderson (deceased) and she remarried so [REDACTED] would also be her last name. I think birth date 1908 and am trying to find middle name; she would say [REDACTED] but that was not it; she like Priscilla which was close. I found school books with Southland, TX high school written on the inside. My father was born in Post, [REDACTED] My grandmother was at Walker Air Force Base during WWII, during the Alien Autopsy and before the release of the atom bomb it appears, as she made the cover for it. I am trying to get more exact info. I have attached a photo.

Regards
