I would be happy to share a little bit more. I was an Enlisted 19k Armored Crewman in the US Army, stationed in Ft. Bliss, El Paso TX. I trained at WSMR (White Sands Missile Range) and other various locations in the southwest region (I.e. SoCal and NM) and deployed to South Korea for some time. I had a security clearance while enlisted and can provide eye witness testimony to the main incident I want to speak about that took place at WSMR in 2017. I can also provide my DD214 during a meeting to show evidence of my ranking. Since I am a Virginia resident as well, I would love a 30 minute meeting to sit down with Dr. Greer and really relay the events of what I saw. Please let me know of anything else I can provide you with in order to facilitate this meeting. I look forward to hearing from you. Thank you!

Thank you very much for writing [REDACTED].

Dr. Greer lives in VA and is often in DC.

Would you be able to share even a little bit about what you saw or what documents you have? where you were at the time? what rank?

Any details would be helpful to facilitate a meeting or at least a phone call.

Sincerely

Good morning!

My name is [REDACTED] and I am a veteran of the U.S. Army. I believe that I have relevant information from where I have been stationed during my service and more. I am eager to sit down and share what I have in a secure environment. I am open to different forms of communication for discussion, but I do reside in Virginia, if that is convenient for you. I look forward to hearing from you soon!
