

Sir:

I was a 16 year old Air Force Mechanic
at Roswell, N. Mexico in 1947.

I think the crashing UFO impressed this
information on my mind:

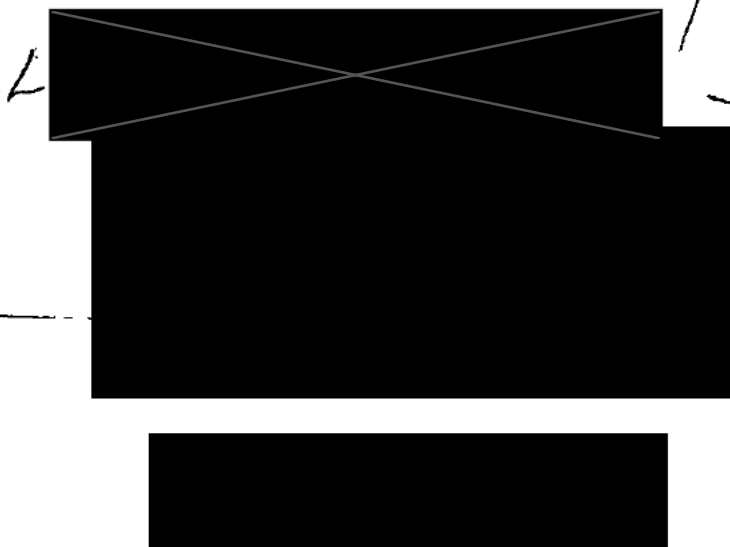

$$E = mc^2 = \frac{1}{\text{time}}$$

$$\Delta \text{time} = \frac{1}{E} = \frac{1}{mc^2}$$

derived
from
Black Hole
Formula.

this is the formula for time travel.

Is this possible??

Charles Lindbergh flew BSC
into Base at Roswell
just prior to crash-
on investigation
committee.
