>I have been trying to spread this info anywhere that I think it will  
>catch and spread. I seek no monetary remuneration for what I have to  
>Say. The fact I know is as follows.

>

>Sometime in 1996 a trechnology was developed (in Montreal) to enable  
the

>taking of pictures of what is underground. It is a sattellite remote  
>sensing technology. The advances were made in software manipulation  
of

>existing raw sattellite data.

>

>The results are phenomenal, pictures of what is underground can be  
>achieved down to a depth of aprox. 40 miles. Individual layers can  
be

>isolated and then recombined on a computer to produce a 3-D  
rendering.

>Different minerals are clearly identifiable.

>

>What is more astounding than the obvious mineral exploitation  
benifits

>is what was found. A state of matter, different than we know of,  
exists,

>deep under ground, at three locations, thus far determined. This  
state

>of matter can be best described as follows: Not regular-matter nor  
>anti-matter, but pure-matter.

>

>This finding was related to USGS. To our astonishment, higher up  
levels

>of this organization were well aware of the stuff. A threat exists  
to

>all mankind. The stuff will soon blow. Geologic activity and  
volcanism

>as generally accepted is a lie. There are other forces at work  
within

>the Earth that contributing to this phenomena which are still Top  
>Secret.

>

>Somehow Alien spaceships are also connected. It seems that they come  
to

>this planet in search of the stuff for fuel. The goverment knows  
this!

>This is why we get so many reports of UFOs in the vicinity of  
nuclear

>weapons storage facilities. They mistakenly thought pure-matter was  
>present (electronic signatures would be similar). The truth is that

they

>(aliens) don't give a damned about our nuclear weapons  
proliferation. We

>(Earth) are basically just a gas station for them.

>

>The US knows this, they shoot alien ships down. With a twist to the  
>common theory that the Government allows aliens to abduct humans in  
>exchange for their technology, I believe the truth is that aliens  
trade

>technology for access to our planet's supply of pure-matter (This is  
my

>theory).

>

>Aliens warn of coming Earth changes and cataclysm. This has to do  
with

>pure-matter. A deposit of the stuff is now just about too large for  
>gravity and the pressures underground to contain it. Soon it will  
>surface and as they say "all hell will break loose on the planet" I  
have

>more information.

>

>The person who told me this is involved with the satellite  
technology

>in Canada. He warned me to never tell a soul about this. I have  
overcome

>my fears and have decided to do the right thing, share this  
information

>with mankind.

>

>Thank you for your time.

>

>
